

Understanding ISE (paper edition) results

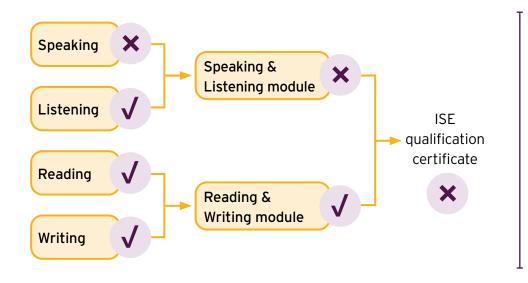

This document provides information on how to understand the results and accompanying documents for ISE (paper edition) A1, Foundation, I, II and III. ISE IV has a different format and is not covered here – please visit trinitycollege.com/ISEIV.

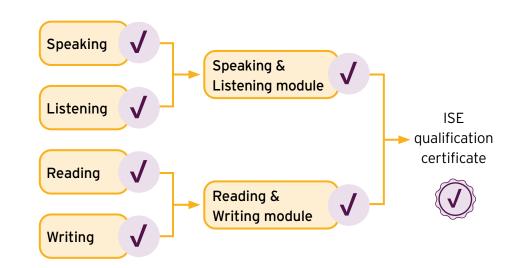

General information

Trinity's Integrated Skills in English (ISE) qualifications assess all four language skills: speaking, listening, reading and writing. These skills are assessed in two modules: Speaking & Listening and Reading & Writing.

The exam modules can be taken together, or at different times when students are ready (except when taken as a SELT in the UK, where they must be taken on the same day).

Candidates need to achieve at least the <u>minimum score required</u> in each skill to pass the module. Candidates need to pass both modules to receive the ISE qualification certificate.

Results and certificates

The certificate states the ISE level and the overall CEFR level the candidate has been awarded as well as a scaled score (0-150) for each skill and overall.

How scores are reported

ISE qualifications have been designed so that the four skills and tasks within each skill are equally weighted. The results are reported using a 0-150 scale, both per skill and overall. The overall score of successful candidates is the average of their scaled scores in all four skills.

The following scaled scores are reported per skill and overall (table shows minimum scores per achievement level):

Qualification	CEFR level	Minimum scaled score
ISE A1	A1	5
ISE Foundation	A2	30
ISE I	B1	 55
ISE II	B2	80
ISE III	C1	105

Assessment method and scoring

Some tasks within the ISE qualification are objectively marked using an answer key, so candidates' answers can be marked as either 'correct' or 'incorrect'. Other tasks are scored by specially trained examiners and markers using a rating scale.

Trinity examiners and markers undergo rigorous training and standardisation which informs how they come to their decisions when applying the rating scales. The rating scales are specific to each ISE level and reflect the level of the Common European Framework of Reference (CEFR).

The rating scales for the skills assessed at each level can be found at <u>trinitycollege.com/ratingscales</u>. The table on the next page provides an overview of how each task is marked.

Overview	v of assessm	ent methods			
Skill	Level	Task	Assessment method	Scoring	Overall score
Speaking	ISE A1 to ISE III	All tasks of the speaking exam	Speaking & Listening rating scale	A score (0-4) is awarded for each of the four criteria	Scores from the different criteria are combined to make an overall speaking score
Listening	ISE A1	Task 1	Objectively marked through a specific to the task answer key	1 mark for each correct response	Scores from both tasks are combined to make an overall listening score
		Task 2	Objectively marked through a specific to the task answer key	1 mark for each correct response	
	ISE Foundation & ISE I	Task 1	Objectively marked through a specific to the task answer key	1 mark for each correct response	Score from both tasks are combined to make an overall listening score
		Task 2	Independent listening rating scale	A score (0-4) is awarded for overall performance on this task	
	ISE II & ISE III	Task 1	Independent listening rating scale	A score (0-4) is awarded for overall performance on this task	The score awarded for the task
Reading	ISE A1 to ISE III	Task 1 & 2	Objectively marked through a specific to the task answer key	1 mark for each correct response	Marks for all correct answers are tallied
Writing	ISE A1	Task 3	Reading into writing scale	A score (0-3) is awarded for each of the four criteria	Scores from both tasks are
		Task 4	Extended writing scale	A score (0-3) is awarded for each of the three criteria	combined to make an overall writing score
	ISE Foundation to ISE III	Task 3	Reading into writing scale	A score (0-4) is awarded for each of the four criteria	Scores from both tasks are combined to make an overall writing score
		Task 4	Extended writing scale	A score (0-4) is awarded for each of the three criteria	

Raw scores and scaled scores

The raw scores a candidate achieves per skill are converted into scaled scores. This allows candidates to directly compare their performance in the four skills.

This table shows the minimum raw scores required for each level.

Qualification	CEFR level	Skill	Minimum (weighted) raw score per skill
		Speaking	8
ICE A1	A1	Listening	3
ISE A1		Reading	10
		Writing	11
		Speaking	8
ISE	A2	Listening	3
Foundation		Reading	15*
		Writing	14*
		Speaking	8
ISE I	B1	Listening	3*
136 1		Reading	15*
		Writing	14*
	_	Speaking	8
ICT II	В2	Listening	2
ISE II		Reading	15*
		Writing	14*
ISE III	C1	Speaking	8
		Listening	2
		Reading	16*
		Writing	15*

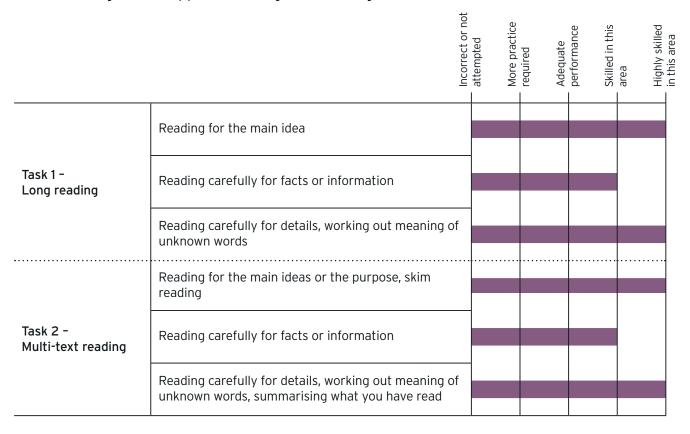

^{*}weighted score: raw scores are adjusted to ensure that each task or component contributes equally to the overall score for the skill

Understanding diagnostic profile reports

Trinity's diagnostic profile report goes beyond overall language competence and focuses on the detailed performance of each subset of skills. It provides a valuable personalised tool for candidates and their teachers by identifying areas for progression and improvement.

Diagnostic profile reports are issued to the centres once the results are finalised, so students can see where improvements are needed, if necessary. One report is issued for each candidate, showing each part of the exam, ie the skills and sub-skills in speaking, listening, reading and writing. Please note, the diagnostic profile does not provide an explanation or justification for the candidate's numerical score or overall ISE outcome. It is a developmental scale designed to support teaching and learning.

Explanation of categories in the diagnostic report

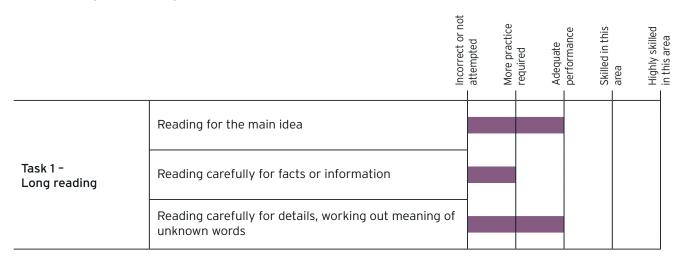

- ▶ Incorrect or not attempted a candidate does not yet have sufficient language skills in this area or did not provide a response
- ▶ More practice required the candidate has some skills in this area, but their performance is bordeline and may not yet be consistent enough to meet the standard required for the level, therefore more practice is recommended
- ▶ Adequate performance the candidate's language skills in this area securely meet the standard required for the level
- ▶ Skilled in this area the candidate has well-developed language skills in this area and performs consistently across tasks at the standard required for the level
- ▶ Highly skilled in this area the candidate's language skills in this area are very well developed and show confident, consistent performance across a range of tasks at the top end of the level.

The outcomes shown on the scale for each sub-skill should be the basis for future study of English language.

Using the diagnostic report with skills development tables

<u>Skills development tables</u> are available online, with practical advice on how to develop the sub-skills required to achieve at least a pass for each skill.

An example of an ISE III Reading profile is shown below. Although this candidate's sub-skills in reading for the main idea and reading carefully for details are good (ie the bars correspond to 'adequate performance'), the sub-skill of reading carefully for facts or information needs further development (ie corresponds to 'more practice required').

- ▶ In this case, the candidate should refer to the skills development table below for suggestions on how to improve this particular sub-skill of reading. Advice on this sub-skill appears in two parts of the table, as the sub-skill is assessed in both task 1 and task 2. However, the suggestion is the same, so only the task 1 skills development table is printed here:
- ▶ Task 1 Long reading

Skills tested	How to practise these skills		
	Practise summarising the gist of texts or paragraphs, eg students choose from several options to decide which summary best fits the text or paragraph.		
Reading for the main idea	Make sure students discuss the reasons for their choices – why is the text more about one thing than another? How did they decide?		
	Get students to think about how they read in their own language and encourage them to apply the same skills to reading in English.		
Reading carefully for facts or information	to check whether statements are true or talse or to complete		
Reading carefully for details, deducing/working out meaning of unknown words	Practise guessing the meaning of unknown words in sentences by looking at the words around the unknown word.		
	Use gap-fill exercises to practise completing sentences.		
	Identify words with the same or similar meanings.		
	Practise identifying viewpoints and attitudes in pieces of discursive writing such as criticism, journalism and literature.		
	Identify common themes and threads in texts.		

Using Trinity Results Verification

Trinity Results Verification (TRV) allows approved users to verify qualifications against Trinity's central database.

Users request access using an online form. These requests are approved/rejected accordingly by Trinity.

Once access has been granted, users can search for existing exam records using the Trinity ID and Candidate number which is found on the bottom left hand side of the certificates.

When a search exactly matches a record in the Trinity database, the below fields will be presented to the user:

- ▶ Candidate's first, middle and last name
- Candidate's date of birth
- Exam taken
- Date the exam was taken
- ▶ Result for each skill.
