

## Understanding ISE Secure English Language Test results

This document provides information on how to understand the results and accompanying documents for ISE exams.

If you would like to know more about how to prepare for the exam, please refer to the [How to mark practice exam materials](#) document available on our website.

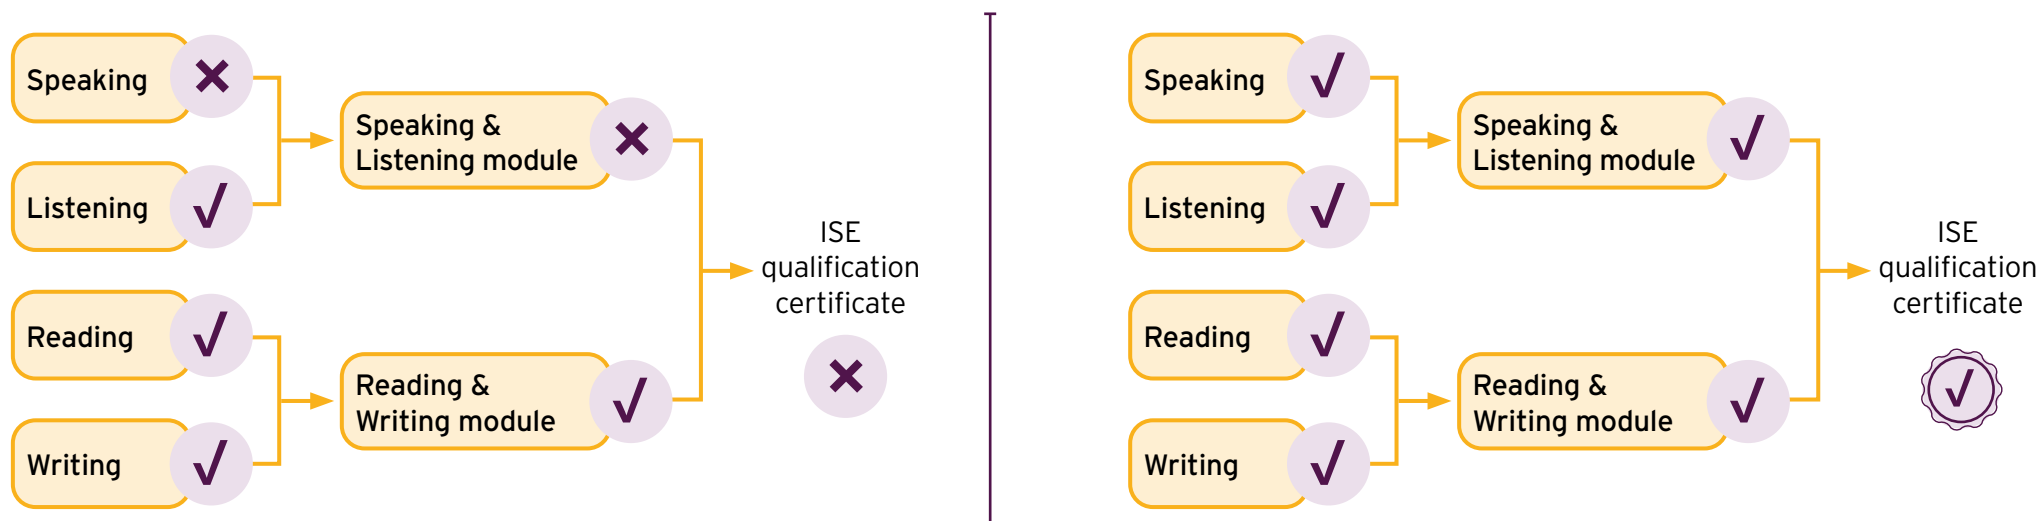

Please note that these documents do not give information on the ISE IV exam because it has a different format from the other ISE levels. For more information on ISE IV, please visit [trinitycollege.com/ISEIV](https://trinitycollege.com/ISEIV).

### General information

Trinity's Integrated Skills in English (ISE) qualifications assess all four language skills: reading, writing, speaking and listening.

These skills are assessed in two modules: Reading & Writing and Speaking & Listening.

When taken as a Secure English Language Test (SELT) in the UK, both ISE modules must be taken on the same day. The Trinity ISE qualification certificate is issued when a candidate has achieved a pass in both modules.

## ISE assessment method and scoring

Some tasks within the ISE qualification are objectively marked using an answer key, so candidates' answers can be marked as either 'correct' or 'incorrect'. Other tasks are scored by specially trained examiners and markers using a rating scale. Trinity examiners and markers undergo rigorous training and standardisation which informs how they come to their decisions when applying the rating scales. The rating scales are specific to each ISE level and reflect the level of the Common European Framework of Reference (CEFR).

The rating scales for the skills assessed at each level can be found at [trinitycollege.com/ratingscales](https://trinitycollege.com/ratingscales) as well as in the appendices of the Teacher Guides. The table below provides an overview of how each task is marked.

## Overview of assessment methods

Skill	Level	Task	Assessment method	Scoring	Overall score
Reading	ISE A1 to ISE III	Task 1 & 2	Objectively marked through a specific to the task answer key	1 mark for each correct response	Marks for all correct answers are tallied
		Task 3	Reading into writing scale	A score (0-3) is awarded for each of the four criteria	Scores from both tasks are combined to make overall
Writing	ISE A1	Task 4	Extended writing scale	A score (0-3) is awarded for each of the three criteria	
	ISE Foundation to ISE III	Task 3	Reading into writing scale	A score (0-4) is awarded for each of the four criteria	Scores from both tasks are combined to make overall writing score
		Task 4	Extended writing scale	A score (0-4) is awarded for each of the three criteria	
	ISE A1 to ISE III	All tasks of the speaking exam	Speaking & Listening rating scale	A score (0-4) is awarded for each of the four criteria	Scores from the different criteria are combined to make an overall speaking score

### Overview of assessment methods – cont.

Skill	Level	Task	Assessment method	Scoring	Overall score
Listening	ISE A1	Task 1	Objectively marked through a specific to the task answer key	1 mark for each correct response	Scores from both tasks are combined to make an overall listening score
		Task 2	Objectively marked through a specific to the task answer key	1 mark for each correct response	
	ISE Foundation & ISE I	Task 1	Objectively marked through a specific to the task answer key	1 mark for each correct response	Score from both tasks are combined to make an overall listening score
		Task 2	Independent listening rating scale	A score (0-4) is awarded for overall performance on this task	
	ISE II & ISE III	Task 1	Independent listening rating scale	A score (0-4) is awarded for overall performance on this task	The score awarded for the task

Trinity is committed to ensuring that the standard of each qualification remains consistent over time and so reserves the right to make appropriate adjustments to published grade thresholds and/or methods of aggregating marks.

## Marks available for each skill

All the ISE levels have marks allocated for each skill (reading, writing, speaking and listening). The table below shows the maximum scores students can achieve in each skill.

## Maximum scores for each skill

ISE Qualification	Reading	Writing	Speaking	Listening
ISE A1	20	21	16	7
ISE Foundation	30	28	16	9
ISE I	30	28	16	10
ISE II	30	28	16	4
ISE III	30	28	16	4

## ISE raw marks and weighted scores

ISE qualifications have been designed so that each skill is equally weighted. This means that a candidate has to pass all four skills to pass the ISE qualification and receive the qualification certificate.

To reflect subtle differences in task complexity throughout the exam, not all questions and tasks are allocated exactly the same value. Therefore, for certain parts of the reading, writing, and listening tasks, weighted scores are used to determine the result.

At ISE Foundation and ISE I, the maximum raw scores of 9 and 10 respectively for listening are weighted to reflect task and question complexity.

At ISE Foundation to ISE III, for the reading tasks, questions 6-10 and 21-25 are objectively assessed and then the raw marks are weighted to accurately reflect the candidate's actual ability in using a range of reading sub-skills to comprehend meaning at sentence level. For the writing tasks, the raw scores from each task are weighted equally and combined to produce the overall writing score.

The weighted scores are, therefore, not merely the sum of correct answers, because the difficulty of the task/question has also been taken into account.

## Actual Trinity exam results – scaled scores

As explained above, except at ISE A1, live exam scores are weighted for reading, writing and listening. The pass boundaries in the table below are based on the final, weighted scores and, therefore, differ from guidance found in [How to mark practice exam materials](#).

## Weighted scores and achievement levels in actual Trinity ISE exams

## Overall result

Candidates need to achieve at least the pass score in each of the relevant skill areas to pass the module. Candidates need to pass both modules to receive the ISE qualification certificate.

The level of achievement (Distinction, Merit, Pass or Fail) for each of the four skills are stated on the qualification certificate, but these are not aggregated to give an overall level of achievement. A successful candidate will receive a certificate stating the ISE level they have been awarded and then the four separate achievement levels, one for each skill.

## Notification of results for SELT candidates

Candidates taking ISE as a SELT, that is at one of Trinity's UK SELT centres, will receive an email together with the diagnostic profile report (see [Understanding diagnostic profile reports](#)) and, if successful, a link to access their digital certificate. All successful candidates will receive the qualification certificate with the information detailed below:

## Understanding diagnostic profile reports

Trinity's diagnostic profile report goes beyond overall language competence and focuses on the detailed performance of each subset of skills. It provides a valuable personalised tool for candidates and their teachers by identifying areas for progression and improvement.

Diagnostic profile reports are issued to the centres once the results are finalised, so students can see where improvements are needed, if necessary. One report is issued for each candidate, showing each part of the exam, ie the skills and sub-skills in speaking, listening, reading and writing. Please note, the diagnostic profile does not provide an explanation or justification for the candidate's numerical score or overall ISE outcome. It is a developmental scale designed to support teaching and learning.

## Diagnostic profile report

Jo Bloggs

Candidate number: 1-446605990

ISE I

Exam date: August 2023

Centre: Abi Test (30779)

		Incorrect or not attempted	More practice required	Adequate performance	Skilled in this area	Highly skilled in this area
Reading: Merit	Task 1 – Long reading	Reading for the main idea				
		Reading carefully for facts or information				
		Reading carefully for details, working out meaning of unknown words				
	Task 2 – Multi-text reading	Reading for the main ideas or the purpose, skim reading				
		Reading carefully for facts or information				
		Reading carefully for details, working out meaning of unknown words, summarising what you have read				

### Explanation of categories in the diagnostic report

- Incorrect or not attempted – a candidate does not yet have sufficient language skills in this area or did not provide a response
- More practice required – the candidate has some skills in this area, but their performance is borderline and may not yet be consistent enough to meet the standard required for the level, therefore more practice is recommended
- Adequate performance – the candidate's language skills in this area securely meet the standard required for the level
- Skilled in this area – the candidate has well-developed language skills in this area and performs consistently across tasks at the standard required for the level

- Highly skilled in this area – the candidate's language skills in this area are very well developed and show confident, consistent performance across a range of tasks at the top end of the level.

The outcomes shown on the scale for each sub-skill should be the basis for future study of English language.

## Using skills development tables

**Skills development tables** are available online, with practical advice on how to develop the sub-skills required to achieve at least a pass for each skill.

An example of an ISE III Reading profile is shown below. Although this candidate's sub-skills in reading for the main idea and reading carefully for details are good (ie the bars correspond to 'adequate performance'), the sub-skill of reading carefully for facts or information needs further development (ie corresponds to 'more practice required').

		Incorrect or not attempted	More practice required	Adequate performance	Skilled in this area	Highly skilled in this area
Task 1 – Long reading	Reading for the main idea					
	Reading carefully for facts or information					
	Reading carefully for details, working out meaning of unknown words					

In this case, the candidate should refer to the skills development table below for suggestions on how to improve this particular sub-skill of reading. Advice on this sub-skill appears in two parts of the table, as the sub-skill is assessed in both task 1 and task 2. However, the suggestion is the same, so only the task 1 skills development table is printed here:

### Task 1 – Long reading

Skills tested	How to practise these skills
Reading for the main idea	<ul style="list-style-type: none"> <li>▶ Practise summarising the gist of texts or paragraphs, eg students choose from several options to decide which summary best fits the text or paragraph.</li> <li>▶ Make sure students discuss the reasons for their choices – why is the text more about one thing than another? How did they decide?</li> <li>▶ Get students to think about how they read in their own language and encourage them to apply the same skills to reading in English.</li> </ul>
Reading carefully for facts or information	<ul style="list-style-type: none"> <li>▶ Practise scanning texts for specific information – for example to check whether statements are true or false, or to complete missing information in a text summary.</li> </ul>
Reading carefully for details, deducing/working out meaning of unknown words	<ul style="list-style-type: none"> <li>▶ Practise guessing the meaning of unknown words in sentences by looking at the words around the unknown word.</li> <li>▶ Use gap-fill exercises to practise completing sentences.</li> <li>▶ Identify words with the same or similar meanings.</li> <li>▶ Practise identifying viewpoints and attitudes in pieces of discursive writing such as criticism, journalism and literature.</li> <li>▶ Identify common themes and threads in texts.</li> </ul>

## Using Trinity Results Verification

Trinity Results Verification (TRV) allows approved users to verify qualifications against Trinity's central database.

Users request access using an online form. These requests are approved/rejected accordingly by Trinity.

Once access has been granted, users can search for existing exam records using the Trinity ID and Candidate number which is found on the bottom left hand side of the certificates.

When a search exactly matches a record in the Trinity database, the below fields will be presented to the user:

- ▶ Candidate's first, middle and last name
- ▶ Candidate's date of birth
- ▶ Exam taken
- ▶ Date the exam was taken
- ▶ Result for each skill (Distinction, Merit, Pass, Fail).
