## Strings from 2025

### Your Performance. Your Choice.

Trinity's most vibrant and diverse Strings selection yet, spanning well-known Western classical favourites to music from stage and screen; jazz, Latin, folk music from across the globe and contemporary pop. From timeless works to today's biggest tunes and brand-new commissions – it's the ultimate playlist for every musician.

**Brand new publications for Violin** – Each graded book contains 12 new pieces, available in print and digital formats, featuring detailed Performance Notes. Broadcast-quality audio is available to download with every book, providing both demo tracks and backing tracks which can be used in digital exams from Initial-Grade 8, and face-to-face exams from Initial-Grade 3.

Featuring new commissions from leading contemporary voices, including Cuban-born jazz violinist and composer Omar Puente, jazz violinists Julian Ferraretto and Chris Garrick, and Scottish folk composer Stephen J Wood, the syllabus brings fresh and global perspectives to every grade. With a strong focus on inclusivity and musical variety, there's something here for every violinist.

Continuing Trinity's ground-breaking syllabus approach, all pieces in the *Violin Exam Pieces from 2020* books continue to be valid for the exams, and both these and the brand-new *Violin Exam Pieces from 2025* books will remain valid indefinitely (copyright and territory dependent), offering a constantly growing collection of repertoire for learners to enjoy. There's no need to stop playing what you love – choose what inspires you and perform it your way.

**Flexible exam formats** – Take your exam in-person or digitally. Digital candidates play three pieces plus technical work, or they can now opt for the Repertoire-only pathway and perform four pieces. Duets (up to Grade 3) and original compositions at all grades, are welcome in our exams.

**Free online support resources** – Created with expert musicians and educators, these materials are designed to help develop your musical understanding and performance skills.

# Introduction to Trinity's graded music exams

## Objective of the qualifications

Trinity's graded music exams provide a structured yet flexible framework for progress, which enables learners to demonstrate their own musical personality and promotes enjoyment in music performance.

The exams assess performance and technical ability through practical assessment. They offer learners of any age the opportunity to measure their development as performers against a series of internationally understood benchmarks, taking them from beginner level to the point where they can progress to higher education in music, or enter for Trinity's performance diplomas.

## Who the qualifications are for

Trinity's graded music exams are open to all learners, with no age restrictions or other limitations. There is no requirement to have passed lower grades, theory exams or other qualifications, although the grades represent a system of progressive mastery and the outcomes for each level assume confidence in the requirements of previous grades.

Repertoire selection and other exam content is designed to appeal to learners of all ages and backgrounds, reflecting the diversity of candidates.

Trinity is committed to making its exams accessible to all, and each candidate is treated individually when considering how assessments can be adapted for those with special needs. Find more information at [trinitycollege.com/music-csn](https://trinitycollege.com/music-csn).

## Assessment and marking

Trinity's graded music exams are assessed by external examiners trained and moderated by Trinity. Examiners provide marks and comments for each component of the exam using the assessment criteria in the Marking section.

The exams are marked out of 100. Candidates' results correspond to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

## Duration of study (total qualification time)

All regulated qualifications are assigned a total qualification time. This should be used as guidance only. Total qualification time is an estimate of the average time a candidate spends with a teacher (guided learning hours) added to the average time spent learning independently. It is recognised that the amount of time needed to commit to a qualification will be dependent on each individual's level of experience.

	Guided learning hours (GLH)	Independent learning hours (ILH)	Total qualification time (TQT) (hours)
Initial	8	32	40
Grade 1	12	48	60
Grade 2	18	72	90
Grade 3	18	102	120
Grade 4	24	126	150
Grade 5	24	156	180
Grade 6	36	184	220
Grade 7	48	222	270
Grade 8	54	266	320

## Recognition and UCAS points

Trinity College London is an international awarding organisation regulated by Ofqual (Office of Qualifications and Examinations Regulation) in England, CCEA Regulation in Northern Ireland and by Qualifications Wales. Various arrangements are in place with governmental education authorities worldwide.

In the UK, Grades 6-8 are eligible for UCAS (Universities and Colleges Admissions Service) points for those applying to colleges and universities, as follows:

### Grade 6

## Where the qualifications could lead

While for some learners graded music exams represent a personal goal or objective, they can also be used as a progression route towards:

- ▶ Diplomas in performing and teaching offered by Trinity or by other awarding organisations
- ▶ Music courses at conservatoires and universities, for which Grade 8 is often specified as an entry requirement
- ▶ Employment opportunities in music and the creative arts

## How to enter for an exam

Face-to-face exams can be taken at Trinity's public exam centres, which are available throughout the world. Details are available at [trinitycollege.com/worldwide](https://trinitycollege.com/worldwide), and candidates should contact their local Trinity representative for more information.

Alternatively, in the UK, schools and private teachers with sufficient candidates may apply for an exam visit. Details are available at [trinitycollege.com/private-music-exam-visits](https://trinitycollege.com/private-music-exam-visits).

For digital exams, details are available at [trinitycollege.com/worldwide](https://trinitycollege.com/worldwide).

## Trinity qualifications that complement the strings qualifications

Trinity's music qualifications offer flexible progression routes from beginner to advanced levels in a range of musical styles. All are designed to help candidates develop as musicians according to their individual needs as learners.

Graded music exams assess a broad range of musicianship skills, including performance, while certificate exams focus entirely on performance, including separate marks for presentation skills. Find more information about certificate exams at [trinitycollege.com/music-certificates](https://trinitycollege.com/music-certificates).

Trinity's graded Rock & Pop exams are available for bass, drums, guitar, keyboards and vocals. Find out more at [trinityrock.com](https://trinityrock.com).

Candidates can enter any combination of graded or certificate exams, and do not need to pass any particular level in order to proceed to a higher level.

Theory exams are available from Grade 1 to support learners in developing their understanding of the technical language of music, and are available both as paper-based and digital exams. No theory qualifications or other prerequisites are required to enter graded or certificate exams at any level. Find more information about theory exams at [trinitycollege.com/theory](https://trinitycollege.com/theory).

## Other qualifications offered by Trinity

After Grade 8 or the Advanced Certificate classical music exams, candidates can progress to diplomas at Associate (ATCL), Licentiate (LTCL) and Fellowship (FTCL) levels. These assess professional skills in performance, teaching and theory. Find out more at [trinitycollege.com/music-diplomas](https://trinitycollege.com/music-diplomas).

Adults who work as music educators may also wish to consider Trinity's Level 4 Certificate for Music Educators (Trinity CME). Find out more at [trinitycollege.com/CME](https://trinitycollege.com/CME).

The Awards and Certificates in Musical Development are designed for those with learning difficulties, across the whole spectrum of abilities and needs, and are mapped to the Sounds of Intent inclusive framework of musical engagement. # Instrument requirements

## Bowed strings

- Electronic instruments may not be used.

## Scottish traditional fiddle

- Candidates should use a modern violin playing position, resting the instrument under their chin.
- Candidates may use ornamentation and fiddle nuances if musically appropriate.
- Vibrato should be used to warm tone and colour notes, especially in the slower tunes at Grade 5 and above.
- Dynamic variation is expected in the slow tunes and may be appropriate at the quicker tempos.
- Candidates may use a piano accompanist, except where pieces are specified as unaccompanied. Alternatively, they may perform entirely unaccompanied, even where pieces include a piano part.
- Candidates may also use a single accompanist playing a different instrument, for example accordion or drum, but this should be notified to Trinity's central office at the time of entry.
- Pieces must be performed from the listed publications, as in some cases there are significant variations between editions.

## Harp

- Pedal harp requirements are based on an instrument with 46 or 47 strings.
- Lever harp requirements and lever settings are based on an instrument with 34 strings, tuned to E $\flat$ . Lever harps tuned to other keys may be used as long as all lever settings and changes are adjusted accordingly. Lever settings are given only when these are in addition to, or contrary to, the key signature.
- Where harps of either type lack higher or lower strings, pragmatic solutions will be accepted within reason, as long as these do not lessen the level of technical demand.

# Policies

## Safeguarding and child protection

Trinity is fully committed to safeguarding and protecting the candidates that we work with. All posts, including examiners, are subject to a safer recruitment process, including the disclosure of criminal records and vetting checks. Our safeguarding policies and procedures are regularly reviewed and promote safeguarding and safer working practice across all parts of our work.

## Equal opportunities

Trinity is committed to providing equality of opportunity and treatment for all, and will not unlawfully or unfairly discriminate directly or indirectly on the basis of any characteristic.

## Reasonable adjustment

Trinity is committed to creating an inclusive environment where candidates with special needs are able to demonstrate their skills and feel welcomed. We aim to make our exams accessible to all. We treat each learner individually when considering how we can achieve this aim, recognising that requirements vary. Candidates can be assured that we do not compromise on the standard of marking or allow the quality of exams to be affected in any way.

All provision is tailored to the particular needs of each candidate. In order to be most beneficial, as full an explanation as possible of the required provision should be given. The need and request for provision should be made on the appropriate form available to download from [trinitycollege.com/music-csn](https://trinitycollege.com/music-csn). For enquiries please contact [music-csn@trinitycollege.com](mailto:music-csn@trinitycollege.com).

## Data protection

Trinity is registered as a Data Controller with the Information Commissioner's Office in the United Kingdom under data protection legislation. Please see [trinitycollege.com/data-protection](https://trinitycollege.com/data-protection) for the most up-to-date information about Trinity's data protection procedures and policies.

## Customer service

Trinity is committed to providing a high-quality service for all our users from initial enquiry through to certification. Full details of our customer service commitment can be found at [trinitycollege.com/customer-service](https://trinitycollege.com/customer-service).

## Quality assurance

Please note that for training/monitoring purposes, it may, on occasion, be necessary for there to be more than one examiner in the room.

Trinity audio records and sometimes films face-to-face exams for quality assurance and training purposes. In the case of filming, Trinity will always seek permission from the candidate (or a parent or guardian) first. All recording devices will be discreet and should not cause any distraction to candidates.

## Release of exam results

Full details of the timeframe for release of exam results can be found at [trinitycollege.com/music-results](https://trinitycollege.com/music-results). Any exam infringements (eg choosing an incorrect piece) will be referred directly to Trinity's central office by the examiner. Exam reports may be withheld until the outcome of any referral has been considered by Trinity. Depending on the severity of the infringement, marks may be deducted or, in extreme cases, the exam may be invalidated.

## Malpractice

Trinity requires its registered exam centres to report any suspected malpractice by candidates, teachers or examiners. In situations where a centre is found to be inadequate or to be guilty of malpractice, either in terms of provision of facilities or in administration, the exam centre may be required to suspend all of its activities relating to Trinity exams until the cause of the problem is identified and rectified, if appropriate. In extreme circumstances, the centre may have its registered status withdrawn.

In the very rare cases or circumstances where a centre or individual may be suspected of malpractice, Trinity will aim to minimise any inconvenience caused to any affected candidate, and would like to thank candidates, teachers and centre staff for their kind co-operation in reporting any suspected incident of cheating, thereby assisting Trinity in upholding the quality and integrity of its exam process.

## Results review and appeals procedure

Anyone who wishes to question their exam result should refer to [trinitycollege.com/results-enquiry](https://trinitycollege.com/results-enquiry) for full details of our results review and appeals process.

# Pieces

## Choosing pieces: Bowed strings

Candidates play **three pieces**, selected from the current repertoire list for their instrument, available at [trinitycollege.com/strings](http://trinitycollege.com/strings).

### Initial-Grade 3

- ▶ Candidates choose three pieces from the list.
- ▶ One of these pieces may be a duet.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

### Grades 4-5

- ▶ Candidates choose three pieces from the list.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

### Grades 6-8

- ▶ Pieces are divided into two groups: group A and group B. Candidates choose three pieces, including at least one piece from each group.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

## Violin

- ▶ **Initial-Grade 8:** candidates may perform a piece/set from any group of the Scottish traditional fiddle list at the same grade in place of one of the listed pieces. A maximum of one unaccompanied or Scottish traditional fiddle item may be played.
- ▶ **Grades 6-8:** candidates may choose to play one piece on Viola, chosen from the Viola list for the same grade. Technical work must be performed on Violin.

## Scottish traditional fiddle

- ▶ The listed publications must be used.
- ▶ **Grade 2:** Dynamic markings (*p, f, crescendo* and *decrescendo*) should be included in the slow tunes only.
- ▶ **Grade 3:** Dynamic markings (*p, mf, f, crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of one position change is required at this grade.
- ▶ **Grade 4:** Dynamic markings (*p, mf, f, crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of one position change is required at this grade. The performance should include examples of acciaccaturas, which should be clearly marked on the copy of the music for the examiner.
- ▶ **Grade 5:** Dynamic markings (*p, mf, f, crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of two position changes are required at this grade. The performance should include examples of acciaccaturas, which should be clearly marked on the copy of the music for the examiner. Contemporary set items are listed from slow to fast tempo, but may be performed in any order.

- **Grades 6–8:** Candidates should display all bowing indications as marked and a full range of dynamics. Dynamics are expected in the slow tunes and may be appropriate at the quicker tempos. Ornamentation as written with additional acciaccaturas should be performed. A minimum of three position changes or as required should be incorporated into the programme. All should be clearly marked on the copy of the music for the examiner. Contemporary set items are listed from slow to fast tempo, but may be performed in any order.

## Viola

- **Grades 6–8:** candidates may choose to play one piece on Violin, chosen from the Violin list for the same grade. Technical work must be performed on Viola.

## Double bass

- Only one all-*pizzicato* piece may be played.

## Choosing pieces: Harp

- Candidates play **three pieces**, selected from the current Harp repertoire list, available at [trinitycollege.com/strings](http://trinitycollege.com/strings)
- Candidates may perform their own composition in place of one of the listed pieces.
- **Initial-Grade 3:** all listed pieces are playable on either pedal or lever harp, unless indicated otherwise.

## Performance and interpretation

- Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- Candidates should observe repeats of four bars or fewer, but longer repeats should not be played unless stated otherwise in the repertoire list.
- All *da capo* and *dal segno* instructions should be observed.
- Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- Bowed strings candidates are expected to use *vibrato* from Grade 5 onwards, as stylistically appropriate.
- Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6–8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- The use of metronomes or other timekeeping assistance is not allowed.

## Accompaniments and page turns

- Apart from for Scottish Traditional Fiddle, pieces published with an accompaniment may not be performed unaccompanied. Performance without accompaniment will be subject to penalty or invalidation.
- Accompaniments must be performed as printed, without giving additional help to candidates (for example by doubling the solo line).

- Other than for duets (see below), accompaniments on instruments other than piano must be approved in advance by Trinity. Please note that non-piano accompaniments can be approved only if musically appropriate (eg where the published piano accompaniment is an arrangement of a part written for a different instrument). In all cases, accompaniment must be provided on a single instrument.
- Where accompaniments feature long introductions or endings, these should be shortened if possible in a way that is musically appropriate.
- The accompanist does not need to be in shot during the filming of the performance.
- Difficult page turns may be overcome by photocopying the relevant pages. A page turner may assist the accompanist at Grades 6–8.
- Candidates may use a backing track or recorded accompaniment in all digital grade exams at all grades. This may be played on the piano or may be an instrumental backing track.
- Recorded accompaniments need not be commercial products, but must not offer more assistance to the candidate than the original piano part (eg doubling of the instrumental line, or rhythmic fills in held notes), or the exam may be subject to referral.
- Recorded accompaniments must not include the solo instrumental line played on the candidate's instrument (ie be a demo track), or the exam may be subject to referral.
- If a recorded accompaniment is used, this must be clearly audible on the submitted video. Recorded accompaniments should be played through an external speaker rather than directly from a phone or tablet.
- Candidates may have help operating the equipment so that it does not disrupt their performance. Performing levels should be checked before the recording starts to ensure that there is correct balance and the candidate's instrument can be heard properly.

## Duets

- Violin, Viola, Cello and Double Bass candidates at Initial to Grade 3 may include a maximum of one duet in their programme.
- Candidates should play the upper part (unless stated otherwise in the repertoire list).
- The duet part may either be performed live (by a teacher, another adult or student) or may be pre-recorded.
- The duet part must be played on a bowed string instrument (at a different octave if necessary). NB piano accompaniment is not acceptable.
- Duet parts (live or pre-recorded) must match the printed music.
- Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

## Supporting documents

There is a section on the online portal where you can provide any supporting documentation:

- Enter the details of your pieces on the relevant screen.
- If you are not playing from a Trinity graded music exam book, or are performing your own composition, you must also upload scanned copies or photographs of those pieces. For each piece, all pages should be in one single file. If you need to combine images into one file, there are many apps that can help you and you will find them on your device's application store. Only the solo part is required.

## Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ For Scottish Traditional Fiddle, pieces must be performed from the listed publications, as in some cases there are significant variations between editions.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at [mpaonline.org.uk](http://mpaonline.org.uk). Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded.

## Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed below.
- ▶ Own compositions may be accompanied or unaccompanied.
- ▶ A typeset or handwritten copy of the composition must be uploaded with the video.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description.

# Technical work

## Requirements

This section of the exam supports the development of technical skills by assessing candidates' performance in a range of technical work options.

The use of metronomes or other timekeeping assistance is not allowed.

Technical work can be played before, after or between pieces, but must be played as one complete unit.

## Bowed strings

All candidates (except at Initial) begin the technical work section by performing a bowing exercise. They then choose one of the following options:

- ▶ Scales, arpeggios & technical exercises
- ▶ Studies (Grades 1-5) or orchestral extracts (Grades 6-8)

## Bowing exercises

The following table gives more information about the bowing exercises at Grades 1-8:

Grade	Bowing exercise description
Grade 1	<p><i>For sustained sound throughout both the bow stroke and the bow changes.</i></p> <ul style="list-style-type: none"> <li>▶ Candidates play one of the Grade 1 scales or arpeggios with two separate crotchets on each note of the scale/arpeggio, one down bow and one up bow.</li> </ul>
Grade 2	<p><i>For bow distribution. Whole bows should be used for the crotchets and half bows for the quavers, with sustained tone throughout.</i></p> <ul style="list-style-type: none"> <li>▶ Candidates play one of the Grade 2 scales or arpeggios with the rhythm  on each note of the scale/arpeggio (using separate bows). The exercise may end with an additional long note on the tonic.</li> </ul>
Grade 3	<p><i>For quicker, repeated bow strokes. The notes should be played from the middle of the bow, with even strokes.</i></p> <ul style="list-style-type: none"> <li>▶ Candidates play one of the Grade 3 scales or arpeggios with four semiquavers on each note of the scale/arpeggio. The exercise may end with an additional long note on the tonic.</li> </ul>
Grade 4	<p><i>For further bow distribution. This should be played with an even bow speed and sustained tone.</i></p> <ul style="list-style-type: none"> <li>▶ Candidates play one of the Grade 4 scales or arpeggios with the rhythm  on each note of the scale/arpeggio. The exercise may end with an additional long note on the tonic.</li> </ul>
Grade 5	<ul style="list-style-type: none"> <li>▶ Candidates play one of the Grade 5 scales or arpeggios using a <i>martelé</i> bow stroke, between the middle and the point of the bow. Immediately after the initial 'bite' or pressure accent, the pressure must be released. The bow then moves quickly, but does not leave the string. Each stroke should end before applying pressure for the next 'bite' at the start of the new stroke. This will result in an inevitable small silence between each note.</li> </ul>

Grade	Bowing exercise description
Grade 6	<p>► Candidates play one of the Grade 6 scales or arpeggios with each note of the scale/arpeggio played as two <i>spiccato</i> quavers. The bow should start off the string and leave the string after every note, creating a small 'saucer' or 'smile' shape over the string, and touching the string at the lowest point of the 'saucer' or 'smile' shape.</p>
Grade 7	<p>► Candidates play one of the Grade 7 scales or arpeggios using hooked bowing, as in the following example. The bow should stop before each semiquaver, and the separation should be heard clearly.</p> 
Grade 8	<p>► Candidates prepare one of the scales or arpeggios set for Grade 8 with the specified bowing.</p>

# Filming your exam

**Violin and Viola:** performances should be filmed from your bowing side to give a clear view of your bowing arm, and with your face, hands and all of the instrument in shot. Position your music stand and/or recording microphone so that these do not obscure the view.

**Cello, Double Bass and Harp:** position your camera so that your face, hands and all of your instrument are in shot, while ensuring that your music stand and/or recording microphone do not obscure the view.

A pickup may be used.

## Before you begin

There are five important instructions to note before you plan your filming:

1. All exams must be submitted as one, continuous performance (this includes all pieces and technical work). If there is any evidence of editing, we will not be able to assess your exam.
2. Please read the instructions above carefully to ensure you have the correct filming angles, and consider the importance of setting up the shot to enable a smooth continuous performance. This will enable the examiners to assess you according to the 'overall performance' criteria.
3. You are allowed assistance with filming your performance: another person can be present as an accompanist or to operate your backing tracks. However, indications of pulse, verbal or non-verbal entry cues, or the playing of an additional instrument are not allowed and will result in a syllabus infringement referral. The exception to this is where candidates would prefer a verbal prompt when performing the technical work.
4. Do not provide any information at the beginning of your performance, such as your name or titles of the pieces – simply start the recording and begin your performance.
5. Your books or legally downloaded copies must be in shot when you film your performance. Please make sure they are visible to the examiner so that they can confirm that you are playing from a legal copy – even if you choose to perform from memory. If you have purchased a digital copy and are playing from a tablet or eReader, please show the copy on screen to the camera, ensuring that the watermark is clearly legible, so the examiner can confirm the purchase.

## Your filming environment

Here are a few considerations when choosing where to film your performance:

- ▶ Choose a quiet room without disruptions, and remember to put devices such as phones or tablets on silent.
- ▶ Make sure that your recording device has enough battery power and storage capacity.
- ▶ Check light levels before recording to ensure that you are clearly visible on screen. Avoid standing in front of a light source to ensure that you do not appear as a silhouette on screen.
- ▶ Check sound levels to ensure that the recording device captures the range of the instrument clearly, without any distortion.

## Recording video and audio separately (optional)

Audio and video may be recorded using separate devices, as long as they are recorded simultaneously. A single external microphone may be used; multiple microphone setups are not permitted. Please keep additional unused microphones away from your instrument to avoid unnecessary referral.

If audio and video have been recorded separately, editing software may be used to merge these elements together and create the final video. Similarly, editing software can be used to trim the beginning and end.

However:

- ▶ The audio and video must be recorded simultaneously
- ▶ The audio must be the same performance as that of the video and not a composite track
- ▶ The recorded audio must not be enhanced in any way and the following must not be applied to the recording in post-production: EQ, reverb, compression, pitch or timing correction, tonal changes/effects
- ▶ The recorded breaks between pieces should not be removed.

## Troubleshooting sound issues

The microphones in mobile devices are built for speech, so you might find that the audio on your recording cuts out or distorts. Check your audio settings to see if this problem can be avoided.

Some devices use automatic microphone compression, or a similar function, which may cause the volume of your recording to fluctuate. Where possible, switch these off in your audio settings.

If your audio is distorted and you have the option in your device settings, try reducing the microphone input level. If not, try moving your recording device further away.

Your device may have a setting labelled 'suppress background noise', 'noise reduction' or similar. Try turning this function off if the option is available.

Other problematic functions you may wish to disable include 'echo cancellation', 'sound correction' and 'audio stability'.

## Live accompaniments

Before filming your full performance, make sure that you check the balance between your instrument and your accompanist. You may need to move closer or further away from the camera and any microphone to achieve the perfect balance.

The accompanist does not need to be in shot during the filming of the performance.

## Recorded accompaniments/backing tracks

If you are using a recorded accompaniment or backing track, this must be clearly audible on the submitted video. You may need to move the speaker closer or further away from your camera and microphone in order to find the correct balance. Tracks should be played through an external speaker rather than directly from a phone or tablet. The track must be loud enough for you to hear it while you are performing, and for the examiner to hear it on the video.

Before filming your full performance, make sure you run a soundcheck and adjust the balance between the track and your instrument.

# Submitting your exam for assessment

Please read the following closely before you submit your video performance to our online platform via [trinitycollege.com/digital-cj-grades](https://trinitycollege.com/digital-cj-grades):

- ▶ Play back your video to ensure that the sound and visual quality is sufficient for an examiner to mark it.
- ▶ Ensure your video is one continuous recording of all your pieces and technical work from start to finish, and you have not edited this into different sections or paused or stopped the video at any point.
- ▶ Only submit one take of your performance.
- ▶ Your files should be labelled with your name, subject and grade, for example:  
**ForenameSurname\_Classical(Instrument)\_Grade(Number).**
- ▶ Enter the details of your pieces and technical work on the relevant screen.
- ▶ If applicable, remember to upload a scan or photograph of pieces that are not from published Trinity graded music exam books.
- ▶ If uploading directly from a phone or tablet, you might need to compress the video first, so that it doesn't take too long to upload. There are many apps that can help you do this and you will find them on your device's application store.
- ▶ Do not delete your performance video until you have received your feedback and certificate, just in case there are any technical issues and you are required to resubmit.
- ▶ You may not enter the same performance video for the same exam more than once, unless Trinity requires you to resubmit your video.
- ▶ You may not use the video from your original entry for any other Trinity exam entries. Subsequent submissions with the same video may be invalidated.
- ▶ We strongly advise candidates not to share their performance videos online. Pieces in the music syllabus are under copyright, and many of those rights are not owned by Trinity. Trinity only has the required permissions for usage of these pieces in TCL Press published books and in relation to Trinity exams. As such, if you would like to share your videos online, you should apply to the copyright owner(s) to obtain synchronisation licences. Any candidate sharing performances of copyrighted material will be personally liable for any breach of copyright law.

# Marking

Examiners give comments and marks for each section of the exam up to the maximums listed in the table at [Technical work pathway > Structure and mark scheme](#).

It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

## How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

### Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

### Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

### Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
7	Fluency & accuracy
7	Technical facility
8	Communication & interpretation
22	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level

13-15	Pass
10-12	Below Pass 1

# Pieces

## Choosing pieces: Bowed strings

- Candidates play **four pieces**, selected from the current repertoire list for their instrument, available at [trinitycollege.com/strings](http://trinitycollege.com/strings)

### Initial-Grade 3

- Candidates choose four pieces from the list.
- One of these pieces may be a duet.
- Only one unaccompanied piece may be played.
- Candidates may perform their own composition in place of one of the listed pieces.

### Grades 4-5

- Candidates choose four pieces from the list.
- Only one unaccompanied piece may be played.
- Candidates may perform their own composition in place of one of the listed pieces.

### Grades 6-8

- Pieces are divided into two groups: group A and group B. Candidates choose four pieces, including at least one piece from each group.
- Only one unaccompanied piece may be played.
- Candidates may perform their own composition in place of one of the listed pieces.

## Violin

- **Initial-Grade 8:** candidates may perform a piece/set from any group of the Scottish traditional fiddle list at the same grade in place of one of the listed pieces. A maximum of one unaccompanied or Scottish traditional fiddle item may be played.
- **Grades 6-8:** candidates may choose to play one piece on Viola, chosen from the Viola list for the same grade.

## Scottish traditional fiddle

- The listed publications must be used.
- **Grade 2:** Dynamic markings (*p*, *f*, *crescendo* and *decrescendo*) should be included in the slow tunes only.
- **Grade 3:** Dynamic markings (*p*, *mf*, *f*, *crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of one position change is required at this grade.
- **Grade 4:** Dynamic markings (*p*, *mf*, *f*, *crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of one position change is required at this grade. The performance should include examples of *acciaccaturas*, which should be clearly marked on the copy of the music for the examiner.
- **Grade 5:** Dynamic markings (*p*, *mf*, *f*, *crescendo* and *decrescendo*) should be included in the slow tunes only. A minimum of two position changes are required at this grade. The performance should include examples of *acciaccaturas*, which should be clearly marked on the copy of the music for the examiner. Contemporary set items are listed from slow to fast tempo, but may be performed in any order.

- ▶ **Grades 6-8:** Candidates should display all bowing indications as marked and a full range of dynamics. Dynamics are expected in the slow tunes and may be appropriate at the quicker tempos. Ornamentation as written with additional *acciaccaturas* should be performed. A minimum of three position changes or as required should be incorporated into the programme. All should be clearly marked on the copy of the music for the examiner. Contemporary set items are listed from slow to fast tempo, but may be performed in any order.

## Viola

- ▶ **Grades 6-8:** candidates may choose to play one piece on Violin, chosen from the Violin list for the same grade.

## Double bass

- ▶ Only one all-*pizzicato* piece may be played.

## Choosing pieces: Harp

- ▶ Candidates play **four pieces**, selected from the current Harp repertoire list, available at [trinitycollege.com/strings](http://trinitycollege.com/strings).
- ▶ Candidates may perform their own composition in place of one of the listed pieces.
- ▶ **Initial-Grade 3:** all listed pieces are playable on either pedal or lever harp, unless indicated otherwise.

## Performance & Interpretation

- ▶ Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- ▶ Candidates should observe repeats of four bars or fewer, but longer repeats should not be played unless stated otherwise in the repertoire list.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Bowed strings candidates are expected to use vibrato from Grade 5 onwards, as stylistically appropriate.
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- ▶ The use of metronomes or other timekeeping assistance is not allowed.

## Accompaniments & page turns

- ▶ Apart from for Scottish Traditional Fiddle, pieces published with an accompaniment may not be performed unaccompanied. Performance without accompaniment will be subject to penalty or invalidation.
- ▶ Accompaniments must be performed as printed, without giving additional help to candidates (for example by doubling the solo line).

- Other than for duets (see below), accompaniments on instruments other than piano must be approved in advance by Trinity. Please note that non-piano accompaniments can be approved only if musically appropriate (eg where the published piano accompaniment is an arrangement of a part written for a different instrument). In all cases, accompaniment must be provided on a single instrument.
- Where accompaniments feature long introductions or endings, these should be shortened if possible in a way that is musically appropriate.
- The accompanist does not need to be in shot during the filming of the performance.
- Difficult page turns may be overcome by photocopying the relevant pages. A page turner may assist the accompanist at Grades 6-8.
- Candidates may use a backing track or recorded accompaniment in all digital grade exams at all grades. This may be played on the piano or may be an instrumental backing track.
- Recorded accompaniments need not be commercial products, but must not offer more assistance to the candidate than the original piano part (eg doubling of the instrumental line, or rhythmic fills in held notes), or the exam may be subject to referral.
- Recorded accompaniments must not include the solo instrumental line played on the candidate's instrument (ie be a demo track), or the exam may be subject to referral.
- If a recorded accompaniment is used, this must be clearly audible on the submitted video. Recorded accompaniments should be played through an external speaker rather than directly from a phone or tablet.
- Candidates may have help operating the equipment so that it does not disrupt their performance. Performing levels should be checked before the recording starts to ensure that there is correct balance and the candidate's instrument can be heard properly.

## Duets

- Violin, Viola, Cello and Double Bass candidates at Initial to Grade 3 may include a maximum of one duet in their programme.
- Candidates should play the upper part (unless stated otherwise in the repertoire list).
- The duet part may either be performed live (by a teacher, another adult or student) or may be pre-recorded.
- The duet part must be played on a bowed string instrument (at a different octave if necessary). NB piano accompaniment is not acceptable.
- Duet parts (live or pre-recorded) must match the printed music.
- Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

## Supporting documents

There is a section on the online portal where you can provide any supporting documentation.

- Enter the details of your pieces on the relevant screen.
- If you are not playing from a Trinity graded music exam book, or are performing your own composition, you must also upload scanned copies or photographs of those pieces. For each piece, all pages should be in one single file. If you need to combine images into one file, there are many apps that can help you and you will find them on your device's application store. Only the solo part is required.

## Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ For Scottish Traditional Fiddle, pieces must be performed from the listed publications, as in some cases there are significant variations between editions.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at [mpaonline.org.uk](http://mpaonline.org.uk). Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded.

## Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed below.
- ▶ Own compositions may be accompanied or unaccompanied.
- ▶ A typeset or handwritten copy of the composition must be uploaded with the video.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description.

## Obtaining music for the exam

- ▶ Trinity publications listed for this syllabus can be ordered at [shop.trinitycollege.com](https://shop.trinitycollege.com) or your local music shop. Visit [store.trinitycollege.com](https://store.trinitycollege.com) to explore our range of downloadable digital publications.
- ▶ Trinity cannot guarantee that music will always be in stock with local suppliers. Candidates and teachers should always check with the publisher before it is assumed that any item has gone out of print.

# Filming your exam

**Violin and Viola:** performances should be filmed from your bowing side to give a clear view of your bowing arm, and with your face, hands and all of the instrument in shot. Position your music stand and/or recording microphone so that these do not obscure the view.

**Cello, Double Bass and Harp:** position your camera so that your face, hands and all of your instrument are in shot, while ensuring that your music stand and/or recording microphone do not obscure the view.

A pickup may be used.

## Before you begin

There are five important instructions to note before you plan your filming:

1. All exams must be submitted as one, continuous performance (this includes all pieces). If there is any evidence of editing, we will not be able to assess your exam.
2. Please read the instructions above carefully to ensure you have the correct filming angles, and consider the importance of setting up the shot to enable a smooth continuous performance.
3. You are allowed assistance with filming your performance: another person can be present as an accompanist or to operate your backing tracks. However, indications of pulse, verbal or non-verbal entry cues, or the playing of an additional instrument are not allowed and will result in a syllabus infringement referral.
4. Do not provide any information at the beginning of your performance, such as your name or titles of the pieces – simply start the recording and begin your performance.
5. Your books or legally downloaded copies must be in shot when you film your performance. Please make sure they are visible to the examiner so that they can confirm that you are playing from a legal copy – even if you choose to perform from memory. If you have purchased a digital copy and are playing from a tablet or eReader, please show the copy on screen to the camera, ensuring that the watermark is clearly legible, so the examiner can confirm the purchase.

## Your filming environment

Here are a few considerations when choosing where to film your performance:

- ▶ Choose a quiet room without disruptions, and remember to put devices such as phones or tablets on silent.
- ▶ Make sure that your recording device has enough battery power and storage capacity.
- ▶ Check light levels before recording to ensure that you are clearly visible on screen. Avoid standing in front of a light source to ensure that you do not appear as a silhouette on screen.
- ▶ Check sound levels to ensure that the recording device captures the range of the instrument clearly, without any distortion.

## Recording video and audio separately (optional)

Audio and video may be recorded using separate devices, as long as they are recorded simultaneously. A single external microphone may be used, multiple microphone setups are not permitted. Please keep additional unused microphones away from your instrument to avoid unnecessary referral.

If audio and video have been recorded separately, editing software may be used to merge these elements together and create the final video. Similarly, editing software can be used to trim the beginning and end.

However:

- ▶ The audio and video must be recorded simultaneously
- ▶ The audio must be the same performance as that of the video and not a composite track
- ▶ The recorded audio must not be enhanced in any way and the following must not be applied to the recording in post-production: EQ, reverb, compression, pitch or timing correction, tonal changes/effects
- ▶ The recorded breaks between pieces should not be removed.

## Troubleshooting sound issues

The microphones in mobile devices are built for speech, so you might find that the audio on your recording cuts out or distorts. Check your audio settings to see if this problem can be avoided.

Some devices use automatic microphone compression, or a similar function, which may cause the volume of your recording to fluctuate. Where possible, switch these off in your audio settings.

If your audio is distorted and you have the option in your device settings, try reducing the microphone input level. If not, try moving your recording device further away.

Your device may have a setting labelled 'suppress background noise', 'noise reduction' or similar. Try turning this function off if the option is available.

Other problematic functions you may wish to disable include 'echo cancellation', 'sound correction' and 'audio stability'.

## Live accompaniments

Before filming your full performance, make sure that you check the balance between your instrument and your accompanist. You may need to move closer or further away from the camera and any microphone to achieve the perfect balance.

The accompanist does not need to be in shot during the filming of the performance.

## Recorded accompaniments/backing tracks

If you are using a recorded accompaniment or backing track, this must be clearly audible on the submitted video. You may need to move the speaker closer or further away from your camera and microphone in order to find the correct balance. Tracks should be played through an external speaker rather than directly from a phone or tablet. The track must be loud enough for you to hear it while you are performing, and for the examiner to hear it on the video.

Before filming your full performance, make sure you run a soundcheck and adjust the balance between the track and your instrument.

# Submitting your exam for assessment

Please read the following closely before you submit your video performance to our online platform via [trinitycollege.com/digital-cj-grades](https://trinitycollege.com/digital-cj-grades):

- ▶ Play back your video to ensure that the sound and visual quality is sufficient for an examiner to mark it.
- ▶ Ensure your video is one continuous recording of all your pieces from start to finish, and you have not edited this into different sections or paused or stopped the video at any point.
- ▶ Only submit one take of your performance.
- ▶ Your files should be labelled with your name, subject and grade, for example:  
**ForenameSurname\_Classical(Instrument)\_Grade(Number).**
- ▶ Enter the details of your pieces on the relevant screen.
- ▶ If applicable, remember to upload a scan or photograph of pieces that are not from published Trinity graded music exam books.
- ▶ If uploading directly from a phone or tablet, you might need to compress the video first, so that it doesn't take too long to upload. There are many apps that can help you do this and you will find them on your device's application store.
- ▶ Do not delete your performance video until you have received your feedback and certificate, just in case there are any technical issues and you are required to resubmit.
- ▶ You may not enter the same performance video for the same exam more than once, unless Trinity requires you to resubmit your video.
- ▶ You may not use the video from your original entry for any other Trinity exam entries. Subsequent submissions with the same video may be invalidated.
- ▶ We strongly advise candidates not to share their performance videos online. Pieces in the music and drama syllabuses are under copyright, and many of those rights are not owned by Trinity. Trinity only has the required permissions for usage of these pieces in TCL Press published books and in relation to Trinity exams. As such, if you would like to share your videos online, you should apply to the copyright owner(s) to obtain synchronisation licences. Any candidate sharing performances of copyrighted material will be personally liable for any breach of copyright law.

# Marking

Examiners give comments and marks for each section of the exam up to the maximums listed in the table at [Repertoire-only pathway > Structure and mark scheme](#).

It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

## How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

### Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

### Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

### Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
8	Fluency & accuracy
8	Technical facility
9	Communication & interpretation
25	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level

# Pieces

## Choosing pieces: Bowed Strings

Candidates play three pieces, selected from the current repertoire list for their instrument, available at [trinitycollege.com/strings](http://trinitycollege.com/strings).

### Initial-Grade 3

- ▶ Candidates choose three pieces from the list.
- ▶ One of these pieces may be a duet.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

### Grades 4-5

- ▶ Candidates choose three pieces from the list.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

### Grades 6-8

- ▶ Pieces are divided into two groups: group A and group B. Candidates choose three pieces, including at least one piece from each group.
- ▶ Only one unaccompanied piece may be played.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

## Violin

### Initial-Grade 8

### Grades 6-8

- ▶ Candidates may choose to play one piece on Viola, chosen from the Viola list for the same grade. Technical work and supporting tests must be performed on Violin.

## Viola

### Grades 6-8

- ▶ Candidates may choose to play one piece on Violin, chosen from the Violin list for the same grade. Technical work and supporting tests must be performed on Viola.

**Pieces**  
(66 marks)

## Choosing pieces: Harp

Candidates play three pieces, selected from the current Harp repertoire list, available at [trinitycollege.com/strings](http://trinitycollege.com/strings)

Candidates may perform their own composition in place of one of the listed pieces.

## Performance and interpretation

- ▶ Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- ▶ Candidates should observe repeats of four bars or fewer, but longer repeats should not be played unless stated otherwise in the repertoire list.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- ▶ Bowed Strings candidates are expected to use vibrato from Grade 5 onwards, as stylistically appropriate.
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- ▶ The use of metronomes or other timekeeping assistance is not allowed.

## Tuning

- ▶ Candidates are responsible for tuning their own instruments.
- ▶ Up to and including Grade 5, teachers may assist with tuning. At Grades 6-8, candidates must tune their instruments without assistance.

## Accompaniments and page turns

- ▶ Candidates are responsible for providing their own accompanists.
- ▶ Apart from for Scottish Traditional Fiddle, pieces published with an accompaniment may not be performed unaccompanied. Performance without accompaniment will be subject to penalty or invalidation.
- ▶ Accompaniments must be performed as printed, without giving additional help to candidates (for example by doubling the solo line).
- ▶ Other than for duets (see below), accompaniments on instruments other than piano must be approved by Trinity's central office before the day of the exam. Please note that non-piano accompaniments can be approved only if musically appropriate (eg where the published piano accompaniment is an arrangement of a part written for a different instrument). In all cases, accompaniment must be provided on a single instrument.
- ▶ Where accompaniments feature long introductions or endings, these should be shortened if possible in a way that is musically appropriate.
- ▶ Difficult page turns may be overcome by photocopying the relevant pages. Page turners may assist the accompanist at Grades 6-8.

- ▶ Accompanists and their page turners may only remain in the exam when required.
- ▶ Candidates may use a backing track or recorded accompaniment in exams up to and including Grade 3. This may be played on the piano or may be an instrumental backing track. From Grade 4 onwards, the accompaniment must be performed live in the exam.
- ▶ Recorded accompaniments need not be commercial products, but must not offer more assistance to the candidate than the original piano part (eg doubling of the instrumental line, or rhythmic fills in held notes), or the exam may be subject to referral.
- ▶ Recorded accompaniments must not include the solo instrumental line played on the candidate's instrument (ie be a demo track), or the exam may be subject to referral.
- ▶ Where recorded accompaniments are used, candidates must provide the playback equipment unless other arrangements have been made with the exam centre. Equipment must produce good sound quality at an adequate volume – a phone or tablet speaker is not acceptable. Contact should be made with the centre well in advance to confirm the arrangements (power supply, equipment insurance, etc), which must be agreed with the Trinity local representative. All electrical devices must comply with health and safety requirements in the country where the exam is taking place.
- ▶ Examiners will not operate playback equipment – this should be fulfilled by the candidate, teacher or another person not related to the candidate, who may only remain in the room when required.

## Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam, and they must bring it with them on the day of the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ For Scottish Traditional Fiddle, pieces must be performed from the listed publications, as in some cases there are significant variations between editions.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at [mpaonline.org.uk](http://mpaonline.org.uk). Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ In accordance with the MPA's *Code of Fair Practice*, candidates must produce original copies of all copyright pieces to be performed at the exam, even if pieces have been memorised, handwritten or typeset. Pieces where no original copy has been provided might be awarded no marks.
- ▶ If candidates are performing pieces not contained in Trinity's graded exam books, they will need to provide a copy as a reference for the examiner (which may be a photocopy). Only the solo part is required. Photocopies will be kept by the examiner and destroyed after the exam. Examiners will have a copy of the repertoire contained in Trinity's graded books.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded. Candidates must bring proof of purchase and details of the website where it was accessed for the examiner's reference.

## Duets

- ▶ Violin, Viola, Cello and Double Bass candidates at Initial to Grade 3 may include a maximum of one duet in their programme.
- ▶ Candidates should play the upper part (unless stated otherwise in the repertoire list).
- ▶ The duet part may either be performed live (by a teacher, another adult or student) or may be pre-recorded.
- ▶ The duet part must be played on a bowed string instrument (at a different octave if necessary). NB piano accompaniment is not acceptable.
- ▶ Duet parts (live or pre-recorded) must match the printed music.
- ▶ If pre-recorded duet parts are used, candidates must provide their own playback equipment. Examiners will not operate playback equipment – this should be fulfilled by the candidate, teacher or another person not related to the candidate, who may only remain in the room when required.
- ▶ Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

## Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed on the next page.
- ▶ Own compositions may be accompanied or unaccompanied.
- ▶ A typeset or handwritten copy of the composition must be given to the examiner at the beginning of the exam.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description.

## Obtaining music for the exam

# Technical work

This section of the exam supports the development of technical skills by assessing candidates' performance in a range of technical work options.

The use of metronomes or other timekeeping assistance is not allowed.

## Bowed Strings

All candidates (except at Initial) begin the technical work section by performing a bowing exercise. They then choose one of the following options:

- ▶ Scales, arpeggios & technical exercises
- ▶ Studies (Grades 1-5) or orchestral extracts (Grades 6-8)

## Bowing exercises

The following table gives more information about the bowing exercises at Grades 1-8:

## Technical work (14 marks)

Grade	Bowing exercise description
	<i>For sustained sound throughout both the bow stroke and the bow changes.</i>
Grade 1	▶ Candidates play one of the Grade 1 scales or arpeggios with two separate crotchets on each note of the scale/arpeggio, one down bow and one up bow.
	<i>For bow distribution. Whole bows should be used for the crotchets and half bows for the quavers, with sustained tone throughout.</i>
Grade 2	▶ Candidates play one of the Grade 2 scales or arpeggios with the rhythm  on each note of the scale/arpeggio (using separate bows). The exercise may end with an additional long note on the tonic.
	<i>For quicker, repeated bow strokes. The notes should be played from the middle of the bow, with even strokes.</i>
Grade 3	▶ Candidates play one of the Grade 3 scales or arpeggios with four semiquavers on each note of the scale/arpeggio. The exercise may end with an additional long note on the tonic.
	<i>For further bow distribution. This should be played with an even bow speed and sustained tone.</i>
Grade 4	▶ Candidates play one of the Grade 4 scales or arpeggios with the rhythm  on each note of the scale/arpeggio. The exercise may end with an additional long note on the tonic.

Grade	Bowing exercise description
Grade 5	<p>▶ Candidates play one of the Grade 5 scales or arpeggios using a martelé bow stroke, between the middle and the point of the bow. Immediately after the initial 'bite' or pressure accent, the pressure must be released. The bow then moves quickly, but does not leave the string. Each stroke should end before applying pressure for the next 'bite' at the start of the new stroke. This will result in an inevitable small silence between each note.</p>
Grade 6	<p>▶ Candidates play one of the Grade 6 scales or arpeggios with each note of the scale/arpeggio played as two <i>spiccato</i> quavers. The bow should start off the string and leave the string after every note, creating a small 'saucer' or 'smile' shape over the string, and touching the string at the lowest point of the 'saucer' or 'smile' shape.</p>
Grade 7	<p>▶ Candidates play one of the Grade 7 scales or arpeggios using hooked bowing, as in the following example. The bow should stop before each semiquaver, and the separation should be heard clearly.</p> 
Grade 8	<p>▶ Candidates prepare one of the scales or arpeggios set for Grade 8 with the bowings from Grades 5, 6 and 7. Examiners choose one of these bowings to hear in the exam.</p>

## Scales, arpeggios & technical exercises

- ▶ Learning scales and arpeggios is an important part of developing technical focus, strength and agility, and melodic skills.
- ▶ Candidates prepare the scales and arpeggios set for the grade, and play a selection as requested by the examiner. Technical exercise(s) are also played.
- ▶ All scales and arpeggios are to be performed ascending then descending.
- ▶ All scales, arpeggios and technical exercises must be played from memory.
- ▶ All scales and arpeggios should be performed without vibrato.
- ▶ A minimum pace is indicated, increasing gradually grade by grade.
- ▶ Scales may be played either starting with a long tonic, or in even notes.
- ▶ At Grade 1, for scales with separate bows, the upper tonic may be repeated.
- ▶ At Grades 1-5, candidates should play the scale followed by the arpeggio. At Grades 6-8, candidates should play the major scale, major arpeggio and dominant 7th starting on that note in succession (major tonal centres) or the melodic minor scale, harmonic minor scale and minor arpeggio in succession (minor tonal centres).
- ▶ Full details of scale patterns are given in the *Scales, Arpeggios & Studies* books.
- ▶ Articulation patterns for scales and arpeggios are available free from [trinitycollege.com/strings-resources](https://trinitycollege.com/strings-resources)

## Studies (Grades 1-5)

- ▶ Studies are specially composed short pieces designed to demonstrate and develop key areas of technique through performance. Keys of the studies match those of the scales and arpeggios required for the grade.

- ▶ Candidates prepare all three studies listed for the grade, two of which are played in the exam. One is chosen by the candidate and one by the examiner.
- ▶ Studies may be played either from memory or using the music.

- ▶ Candidates prepare all three extracts listed for the grade, two of which are played in the exam. One is chosen by the candidate and one by the examiner.
- ▶ Extracts may be played either from memory or using the music.

Further information about specific technical work requirements for each grade is given in the relevant sections of this syllabus.

# Supporting tests

This section of the exam supports the development of broader musical skills by assessing candidates in two different supporting tests.

At Initial to Grade 5, candidates choose **two** supporting tests from four options:

- Sight reading
- Aural
- Improvisation
- Musical knowledge

At Grades 6–8, all candidates are assessed in sight reading, and choose *either* aural *or* improvisation for their second supporting test.

This flexibility is designed to allow candidates to demonstrate their musical skills in different ways, while recognising that sight reading is an important skill at higher grades.

**Supporting tests**  
(20 marks)

## Sight reading

This test assesses candidates' ability to perform a previously unseen musical extract at a level approximately two grades lower than the exam being taken. Our sight reading pieces are designed to be musically intuitive and natural, preparing candidates for performance contexts.

Candidates are given 30 seconds to study the test before performing it, during which time they may practise any or all of it aloud. Examiners do not mark this preparation period.

Examples of sight reading tests may be found in Trinity's *Sight Reading Strings* series, available from [shop.trinitycollege.com](https://shop.trinitycollege.com) or from your local music shop.

Technical expectations for the tests are given in the [Parameters for sight reading tests](#). Lists are cumulative, meaning that tests may also include requirements from lower grades.

A range of options is available for blind or visually impaired candidates including Braille, enlarged print and modified stave notation tests. Alternatively, blind or visually impaired candidates may choose a memory test in place of the standard sight reading test. Alternative supporting tests must be requested at the time of booking, and further information is available at [trinitycollege.com/music-csn](https://trinitycollege.com/music-csn).

## Aural

This test supports the development of candidates' abilities in musical perception and understanding by requiring them to recognise musical features by ear (for example metre and pulse, pitch, performance characteristics).

All questions are based on a single musical example played at the piano by the examiner. At most grades, candidates are asked to describe various features of the music such as dynamics, articulation, texture and style. Candidates are not required to sing.

Practice tests can be found in Trinity's *Aural Tests from 2017* books, available from [shop.trinitycollege.com](https://shop.trinitycollege.com) or from your local music shop.

Candidates with hearing loss may choose an aural awareness test in place of the standard aural test. Alternative supporting tests must be requested at the time of booking, and further information is available at [trinitycollege.com/music-csn](https://trinitycollege.com/music-csn).

## Improvisation

Improvisation can develop creative musicianship skills that unlock a variety of musical styles and technical abilities. Our tests are designed to introduce teachers and candidates to improvisation gradually, creatively and with a range of supporting resources.

This test assesses candidates' ability to improvise fluently, coherently and creatively in response to a musical stimulus. Candidates choose a stimulus from the following three options, indicating their choice of stimulus on the appointment form:

- ▶ Stylistic
- ▶ Motivic
- ▶ Harmonic

Further guidance and example tests are available at [trinitycollege.com/supporting-tests](https://trinitycollege.com/supporting-tests).

A range of options is available for blind or visually impaired candidates including Braille, enlarged print and modified stave notation tests. Alternative supporting tests must be requested at the time of booking, and further information is available at [trinitycollege.com/music-csn](https://trinitycollege.com/music-csn).

## Parameters

Technical expectations for the tests are given in the tables on the following pages. Lists are cumulative, meaning that tests may also include requirements from lower grades.

### Stylistic stimulus

This option requires candidates to improvise over a notated piano part played by the examiner.

- ▶ Candidates are given a stimulus which includes the notated piano part and chord symbols. The stimulus begins with a two-bar introduction played by the examiner alone, followed by a further section over which candidates must improvise for a specified number of repeats.
- ▶ The examiner plays the stimulus twice for candidates' reference, without repeats.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. The examiner plays the stimulus again, and candidates join after the introduction, improvising for the specified number of repeats. Candidates should aim to improvise in a way that complements the musical style of the stimulus.

## Stylistic stimulus

	Initial	Grade 1	Grade 2	Grade 3	Grade 4
Length of introduction	2 bars	2 bars	2 bars	2 bars	2 bars
Length of improvised section	4 bars	4 bars	4 bars	4 bars	4 bars
Number of times improvised section is played	1	2	2	2	3

## Motivic stimulus

This option requires candidates to improvise solo in response to a short melodic fragment.

- ▶ Candidates are given a notated melodic fragment, which the examiner plays twice on the piano for candidates' reference.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud. The test then follows.
- ▶ Candidates should aim to improvise within the specified duration range and may begin by quoting the stimulus directly, developing their improvisation from there. However, they are not required to quote the stimulus directly, and may instead develop their improvisation from ideas taken from the stimulus such as a small group of notes or an interval. Responses must use the given time signature.

## Musical knowledge (Initial to Grade 5 only)

This test encourages learners to understand the wider musical context of the pieces they play, and assesses their knowledge of notation. Examiners ask carefully graded questions based on candidates' chosen pieces. Questions refer to the solo line only.

In the exam, candidates choose which piece they would like to be asked about first. Examiners then choose a second piece for the remaining questions. Candidates' musical scores should be free of annotations which might aid their responses. Examiners usually point to the relevant part of the score when asking questions. Candidates can use American terms (eighth note, half note, etc) as an alternative to English terms (quaver, minim, etc).

Further guidance is available at [trinitycollege.com/supporting-tests](http://trinitycollege.com/supporting-tests).

# Marking

## How the exam is marked

Examiners give comments and marks for each section of the exam, up to the maximums listed in the [Exam structure and mark scheme](#) tables in the [About the exam](#) section. It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Total mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

## How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

### Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

### Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

### Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
7	Fluency & accuracy
7	Technical facility
8	Communication & interpretation
22	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level
19-22	Distinction
16-18	Merit
13-15	Pass
10-12	Below Pass 1
