Introduction to Trinity's graded music exams

Objective of the qualifications

Trinity's graded music exams provide a structured yet flexible framework for progress, which enables learners to demonstrate their own musical personality and promotes enjoyment in music performance.

The exams assess performance and technical ability through practical assessment. They offer learners of any age the opportunity to measure their development as performers against a series of internationally understood benchmarks, taking them from beginner level to the point where they can progress to higher education in music, or enter for Trinity's performance diplomas.

Who the qualifications are for

Trinity's graded music exams are open to all learners, with no age restrictions or other limitations. There is no requirement to have passed lower grades, theory exams or other qualifications, although the grades represent a system of progressive mastery and the outcomes for each level assume confidence in the requirements of previous grades.

Repertoire selection and other exam content is designed to appeal to learners of all ages and backgrounds, reflecting the diversity of candidates.

Trinity is committed to making its exams accessible to all, and each candidate is treated individually when considering how assessments can be adapted for those with special needs. Find more information at trinitycollege.com/music-csn.

Assessment and marking

Trinity's graded music exams are assessed by external examiners trained and moderated by Trinity. Examiners provide marks and comments for each component of the exam using the assessment criteria in the Marking section.

The exams are marked out of 100. Candidates' results correspond to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

Duration of study (total qualification time)

All regulated qualifications are assigned a total qualification time. This should be used as guidance only. Total qualification time is an estimate of the average time a candidate spends with a teacher (guided learning hours) added to the average time spent learning independently. It is recognised that the amount of time needed to commit to a qualification will be dependent on each individual's level of experience.

	Guided learning hours (GLH)	Independent learning hours (ILH)	Total qualification time (TQT) (hours)
Initial	8	32	40
Grade 1	12	48	60

Grade 5	24	156	180
Grade 6	36	184	220
Grade 7	48	222	270
Grade 8	54	266	320

Where the qualifications could lead

While for some learners graded music exams represent a personal goal or objective, they can also be used as a progression route towards:

- ▶ Diplomas in performing and teaching offered by Trinity or by other awarding organisations
- ▶ Music courses at conservatoires and universities, for which Grade 8 is often specified as an entry requirement
- ▶ Employment opportunities in music and the creative arts

How to enter for an exam

Face-to-face exams can be taken at Trinity's public exam centres, which are available throughout the world. Details are available at trinitycollege.com/worldwide, and candidates should contact their local Trinity representative for more information.

Alternatively, in the UK, schools and private teachers with sufficient candidates may apply for an exam visit. Details are available at trinitycollege.com/private-music-exam-visits.

Trinity qualifications that complement the classical guitar qualifications

Trinity's music qualifications offer flexible progression routes from beginner to advanced levels in a range of musical styles. All are designed to help candidates develop as musicians according to their individual needs as learners.

Graded music exams assess a broad range of musicianship skills, including performance, while certificate exams focus entirely on performance, including separate marks for presentation skills. Find more information about certificate exams at trinitycollege.com/music-certificates.

Trinity's graded Rock & Pop exams are available for bass, drums, guitar, keyboards and vocals. Find out more at trinityrock.com.

Candidates can enter any combination of graded or certificate exams, and do not need to pass any particular level in order to proceed to a higher level.

Theory exams are available from Grade 1 to support learners in developing their understanding of the technical language of music, and are available both as paper-based and digital exams. No theory qualifications or other prerequisites are required to enter graded or certificate exams at any level. Find more information about theory exams at trinitycollege.com/theory.

Other qualifications offered by Trinity

After Grade 8 or the Advanced Certificate classical music exams, candidates can progress to diplomas at Associate (ATCL), Licentiate (LTCL) and Fellowship (FTCL) levels. These assess professional skills in performance, teaching and theory. Find out more at trinitycollege.com/music-diplomas.

Adults who work as music educators may also wish to consider Trinity's Level 4 Certificate for Music Educators (Trinity CME). Find out more at trinitycollege.com/CME.

In situations where a centre is found to be inadequate or to be guilty of malpractice, either in terms of provision of facilities or in administration, the exam centre may be required to suspend all of its activities relating to Trinity exams until the cause of the problem is identified and rectified, if appropriate. In extreme circumstances, the centre may have its registered status withdrawn.

In the very rare cases or circumstances where a centre or individual may be suspected of malpractice, Trinity will aim to minimise any inconvenience caused to any affected candidate, and would like to thank candidates, teachers and centre staff for their kind co-operation in reporting any suspected incident of cheating, thereby assisting Trinity in upholding the quality and integrity of its exam process.

Pieces

Choosing pieces

Candidates play three pieces, selected from the current Classical Guitar repertoire list available at trinitycollege.com/classical-guitar.

Initial-Grade 5

- ▶ Candidates choose three pieces from the list.
- ▶ A maximum of two duets may be performed.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

Grades 6-8

- ▶ Pieces are divided into two groups: group A and group B. Candidates choose three pieces, including at least one piece from each group.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

Performance and interpretation

- ▶ Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- ▶ Candidates should observe repeats of a few bars, but longer repeats should not be played unless stated otherwise in the repertoire list.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- ▶ The use of metronomes or other timekeeping assistance is not allowed.

Duets

- ▶ Candidates at Initial to Grade 5 may include a maximum of two duets in their programme.
- ▶ Candidates should play the upper part (unless stated otherwise in the repertoire list).
- ▶ The duet part may be performed live by a teacher, another adult or student. Alternatively, the duet part may be pre-recorded.
- ▶ The duet part must be played on the guitar (piano accompaniment is not acceptable).
- ▶ Duet parts (live or pre-recorded) must match the printed music.
- ▶ Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

Supporting documents

There is a section on the online portal where you can provide any supporting documentation:

- ▶ Enter the details of your pieces on the relevant screen.
- ▶ If you are not playing from a Trinity graded music exam book, or are performing your own composition, you must also upload scanned copies or photographs of those pieces. For each piece, all pages should be in one single file. If you need to combine images into one file, there are many apps that can help you and you will find them on your device's application store.

Page turns

- ▶ Difficult page turns may be overcome by photocopying the relevant pages.

Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at mpaonline.org.uk. Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded.

Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed below.
- ▶ A typeset or handwritten copy of the composition must be uploaded with the video.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description..

- ▶ All scales and arpeggios are to be performed ascending then descending.
- ▶ All scales and arpeggios must be played from memory.

- ▶ At Initial-Grade 5, candidates should play the scale followed by the arpeggio. At Grades 6-8, candidates should play a succession of scales and arpeggios as required for the grade.
- ▶ Full details of scale patterns are given in Trinity's *Guitar Scales, Arpeggios & Studies* books.

Studies

- ▶ Studies are specially composed short pieces designed to demonstrate and develop key areas of technique through performance.
- ▶ Candidates choose and perform two studies (selected from different groups).
- ▶ Studies may be played either from memory or using the music.
- ▶ Studies are included in Trinity's *Guitar Scales, Arpeggios & Studies* books.

Concerto extracts

- ▶ At Grade 8, candidates can demonstrate technique through performing extracts selected from three concertos.
- ▶ Candidates choose and perform two extracts.
- ▶ Concerto extracts may be played either from memory or using the music.
- ▶ Concerto extracts are included in Trinity's *Guitar Scales, Arpeggios & Studies from 2016: Grades 6-8*.

Performing from memory

- ▶ Scales & arpeggios: before you begin this part of the technical work, you must close your music and remove it from your music stand. You may use a list of the technical work items you are performing, but no information other than their titles and the required finger-strokes should be written here. You must hold this list up to the camera before placing it on the music stand.
- ▶ It is permissible for another person to provide verbal prompts for candidates while playing the technical work. They must announce the requirement, but must not provide any other help or prompt.
- ▶ Technical exercise, studies, concerto extracts: music may be used for these items.

Supporting documents

- ▶ Indicate your technical work selections on the relevant screen when you upload your video.

Filming your exam

Position the camera slightly to your picking-hand side so that your face, both of your hands and all of the instrument are visible. Position your music stand and/or recording microphone so that the view is not obscured.

Before you begin

There are five important instructions to note before you plan your filming:

1. All exams must be submitted as one, continuous performance (this includes all pieces and technical work). If there is any evidence of editing, we will not be able to assess your exam.
2. Please read the instructions above carefully to ensure you have the correct filming angles, and consider the importance of setting up the shot to enable a smooth continuous performance. This will enable the examiners to assess you according to the 'overall performance' criteria.
3. You are allowed assistance with filming your performance: another person can be present as an accompanist or to operate your backing tracks. However, indications of pulse, verbal or non-verbal entry cues, or the playing of an additional instrument are not allowed and will result in a syllabus infringement referral. The exception to this is where candidates would prefer a verbal prompt when performing the technical work.
4. Do not provide any information at the beginning of your performance, such as your name or titles of the pieces – simply start the recording and begin your performance.
5. Your books or legally downloaded copies must be in shot when you film your performance. Please make sure they are visible to the examiner so that they can confirm that you are playing from a legal copy – even if you choose to perform from memory. If you have purchased a digital copy and are playing from a tablet or eReader, please show the copy on screen to the camera, ensuring that the watermark is clearly legible, so the examiner can confirm the purchase.

Your filming environment

Here are a few considerations when choosing where to film your performance:

- ▶ Choose a quiet room without disruptions, and remember to put devices such as phones or tablets on silent.
- ▶ Make sure that your recording device has enough battery power and storage capacity.
- ▶ Check light levels before recording to ensure that you are clearly visible on screen. Avoid standing in front of a light source to ensure that you do not appear as a silhouette on screen.
- ▶ Check sound levels to ensure that the recording device captures the range of the instrument clearly, without any distortion.

Recording video and audio separately (optional)

Audio and video may be recorded using separate devices, as long as they are recorded simultaneously. A single external microphone may be used; multiple microphone setups are not permitted. Please keep additional unused microphones away from your instrument to avoid unnecessary referral.

If audio and video have been recorded separately, editing software may be used to merge these elements together and create the final video. Similarly, editing software can be used to trim the beginning and end.

However:

- ▶ The audio and video must be recorded simultaneously
- ▶ The audio must be the same performance as that of the video and not a composite track
- ▶ The recorded audio must not be enhanced in any way and the following must not be applied to the recording in post-production: EQ, reverb, compression, pitch or timing correction, tonal changes/effects
- ▶ The recorded breaks between pieces should not be removed.

Troubleshooting sound issues

The microphones in mobile devices are built for speech, so you might find that the audio on your recording cuts out or distorts. Check your audio settings to see if this problem can be avoided.

Some devices use automatic microphone compression, or a similar function, which may cause the volume of your recording to fluctuate. Where possible, switch these off in your audio settings.

If your audio is distorted and you have the option in your device settings, try reducing the microphone input level. If not, try moving your recording device further away.

Your device may have a setting labelled 'suppress background noise', 'noise reduction' or similar. Try turning this function off if the option is available.

Other problematic functions you may wish to disable include 'echo cancellation', 'sound correction' and 'audio stability'.

Live duet parts

Before filming your full performance, make sure that you check the balance between your instrument and your duet partner. You may need to move closer or further away from the camera and any microphone to achieve the perfect balance.

The duet partner does not need to be in shot during the filming of the performance.

Recorded duet parts

If you are using a recorded duet part, this must be clearly audible on the submitted video. You may need to move the speaker closer or further away from your camera and microphone in order to find the correct balance. Tracks should be played through an external speaker rather than directly from a phone or tablet. The track must be loud enough for you to hear it while you are performing, and for the examiner to hear it on the video.

Before filming your full performance, make sure you run a soundcheck and adjust the balance between the track and your instrument.

Submitting your exam for assessment

Please read the following closely before you submit your video performance to our online platform via trinitycollege.com/digital-cj-grades:

- ▶ Play back your video to ensure that the sound and visual quality is sufficient for an examiner to mark it.
- ▶ Ensure your video is one continuous recording of all your pieces and technical work from start to finish, and you have not edited this into different sections or paused or stopped the video at any point.
- ▶ Only submit one take of your performance.
- ▶ Your files should be labelled with your name, subject and grade, for example: **ForenameSurname_Classical(Instrument)_Grade(Number)**.
- ▶ Enter the details of your pieces and technical work on the relevant screen.
- ▶ If applicable, remember to upload a scan or photograph of pieces that are not from published Trinity graded music exam books.
- ▶ If uploading directly from a phone or tablet, you might need to compress the video first, so that it doesn't take too long to upload. There are many apps that can help you do this and you will find them on your device's application store.
- ▶ Do not delete your performance video until you have received your feedback and certificate, just in case there are any technical issues and you are required to resubmit.
- ▶ You may not enter the same performance video for the same exam more than once, unless Trinity requires you to resubmit your video.
- ▶ You may not use the video from your original entry for any other Trinity exam entries. Subsequent submissions with the same video may be invalidated.
- ▶ We strongly advise candidates not to share their performance videos online. Pieces in the music syllabus are under copyright, and many of those rights are not owned by Trinity. Trinity only has the required permissions for usage of these pieces in TCL Press published books and in relation to Trinity exams. As such, if you would like to share your videos online, you should apply to the copyright owner(s) to obtain synchronisation licences. Any candidate sharing performances of copyrighted material will be personally liable for any breach of copyright law.

Marking

Examiners give comments and marks for each section of the exam up to the maximums listed in the table at [Technical work pathway > Structure and mark scheme](#).

It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
7	Fluency & accuracy
7	Technical facility
8	Communication & interpretation
22	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level
19-22	Distinction
16-18	Merit
13-15	Pass
10-12	Below Pass 1
3-9	Below Pass 2

How the pieces are marked

Examiners use the criteria below to decide on the mark.

	7 marks	6 marks	5 marks

Pieces

Choosing pieces

- ▶ Candidates play four pieces, selected from the current Classical Guitar repertoire list available at trinitycollege.com/classical-guitar.

Initial-Grade 5

- ▶ Candidates choose four pieces from the list.
- ▶ A maximum of two duets may be performed.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

Grades 6-8

- ▶ Pieces are divided into two groups: group A and group B. Candidates choose four pieces, including at least one piece from each group.
- ▶ Candidates may perform their own composition in place of one of the listed pieces.

Performance & interpretation

- ▶ Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- ▶ Candidates should observe repeats of a few bars, but longer repeats should not be played unless stated otherwise in the repertoire list.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- ▶ The use of metronomes or other timekeeping assistance is not allowed.

Duets

- ▶ Candidates at Initial to Grade 5 may include a maximum of two duets in their programme.
- ▶ Candidates should play the upper part (unless stated otherwise in the repertoire list).
- ▶ The duet part may be performed live by a teacher, another adult or student. Alternatively, the duet part may be pre-recorded.
- ▶ The duet part must be played on the guitar (piano accompaniment is not acceptable).
- ▶ Duet parts (live or pre-recorded) must match the printed music.
- ▶ Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

Supporting documents

There is a section on the online portal where you can provide any supporting documentation.

- ▶ Enter the details of your pieces on the relevant screen.
- ▶ If you are not playing from a Trinity graded music exam book, or are performing your own composition, you must also upload scanned copies or photographs of those pieces. For each piece, all pages should be in one single file. If you need to combine images into one file, there are many apps that can help you and you will find them on your device's application store.

Page turns

- ▶ Difficult page turns may be overcome by photocopying the relevant pages.

Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at mpaonline.org.uk. Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded.

Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed below.

- ▶ A typeset or handwritten copy of the composition must be uploaded with the video.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description.

Obtaining music for the exam

- Trinity publications listed for this syllabus can be ordered at shop.trinitycollege.com or your local music shop. Visit store.trinitycollege.com to explore our range of downloadable digital publications.
- Trinity cannot guarantee that music will always be in stock with local suppliers. Candidates and teachers should always check with the publisher before it is assumed that any item has gone out of print.

Filming your exam

Position the camera slightly to your picking-hand side so that your face, both of your hands and all of the instrument are visible. Position your music stand and/or recording microphone so that the view is not obscured.

Before you begin

There are five important instructions to note before you plan your filming:

1. All exams must be submitted as one, continuous performance (this includes all pieces). If there is any evidence of editing, we will not be able to assess your exam.
2. Please read the instructions above carefully to ensure you have the correct filming angles, and consider the importance of setting up the shot to enable a smooth continuous performance.
3. You are allowed assistance with filming your performance: another person can be present as an accompanist or to operate your backing tracks. However, indications of pulse, verbal or non-verbal entry cues, or the playing of an additional instrument are not allowed and will result in a syllabus infringement referral.
4. Do not provide any information at the beginning of your performance, such as your name or titles of the pieces – simply start the recording and begin your performance.
5. Your books or legally downloaded copies must be in shot when you film your performance. Please make sure they are visible to the examiner so that they can confirm that you are playing from a legal copy – even if you choose to perform from memory. If you have purchased a digital copy and are playing from a tablet or eReader, please show the copy on screen to the camera, ensuring that the watermark is clearly legible, so the examiner can confirm the purchase.

Your filming environment

Here are a few considerations when choosing where to film your performance:

- ▶ Choose a quiet room without disruptions, and remember to put devices such as phones or tablets on silent.
- ▶ Make sure that your recording device has enough battery power and storage capacity.
- ▶ Check light levels before recording to ensure that you are clearly visible on screen. Avoid standing in front of a light source to ensure that you do not appear as a silhouette on screen.
- ▶ Check sound levels to ensure that the recording device captures the range of the instrument clearly, without any distortion.

Recording video and audio separately (optional)

Audio and video may be recorded using separate devices, as long as they are recorded simultaneously. A single external microphone may be used, multiple microphone setups are not permitted. Please keep additional unused microphones away from your instrument to avoid unnecessary referral.

If audio and video have been recorded separately, editing software may be used to merge these elements together and create the final video. Similarly, editing software can be used to trim the beginning and end.

However:

- ▶ The audio and video must be recorded simultaneously
- ▶ The audio must be the same performance as that of the video and not a composite track
- ▶ The recorded audio must not be enhanced in any way and the following must not be applied to the recording in post-production: EQ, reverb, compression, pitch or timing correction, tonal changes/effects
- ▶ The recorded breaks between pieces should not be removed.

Troubleshooting sound issues

The microphones in mobile devices are built for speech, so you might find that the audio on your recording cuts out or distorts. Check your audio settings to see if this problem can be avoided.

Some devices use automatic microphone compression, or a similar function, which may cause the volume of your recording to fluctuate. Where possible, switch these off in your audio settings.

If your audio is distorted and you have the option in your device settings, try reducing the microphone input level. If not, try moving your recording device further away.

Your device may have a setting labelled 'suppress background noise', 'noise reduction' or similar. Try turning this function off if the option is available.

Other problematic functions you may wish to disable include 'echo cancellation', 'sound correction' and 'audio stability'.

Live duet parts

Before filming your full performance, make sure that you check the balance between your instrument and your duet partner. You may need to move closer or further away from the camera and any microphone to achieve the perfect balance.

The duet partner does not need to be in shot during the filming of the performance.

Recorded duet parts

If you are using a recorded duet part, this must be clearly audible on the submitted video. You may need to move the speaker closer or further away from your camera and microphone in order to find the correct balance. Tracks should be played through an external speaker rather than directly from a phone or tablet. The track must be loud enough for you to hear it while you are performing, and for the examiner to hear it on the video.

Before filming your full performance, make sure you run a soundcheck and adjust the balance between the track and your instrument.

Submitting your exam for assessment

Please read the following closely before you submit your video performance to our online platform via trinitycollege.com/digital-cj-grades:

- ▶ Play back your video to ensure that the sound and visual quality is sufficient for an examiner to mark it.
- ▶ Ensure your video is one continuous recording of all your pieces from start to finish, and you have not edited this into different sections or paused or stopped the video at any point.
- ▶ Only submit one take of your performance.
- ▶ Your files should be labelled with your name, subject and grade, for example: **ForenameSurname_Classical(Instrument)_Grade(Number)**.
- ▶ Enter the details of your pieces on the relevant screen.
- ▶ If applicable, remember to upload a scan or photograph of pieces that are not from published Trinity graded music exam books.
- ▶ If uploading directly from a phone or tablet, you might need to compress the video first, so that it doesn't take too long to upload. There are many apps that can help you do this and you will find them on your device's application store.
- ▶ Do not delete your performance video until you have received your feedback and certificate, just in case there are any technical issues and you are required to resubmit.
- ▶ You may not enter the same performance video for the same exam more than once, unless Trinity requires you to resubmit your video.
- ▶ You may not use the video from your original entry for any other Trinity exam entries. Subsequent submissions with the same video may be invalidated.
- ▶ We strongly advise candidates not to share their performance videos online. Pieces in the music and drama syllabuses are under copyright, and many of those rights are not owned by Trinity. Trinity only has the required permissions for usage of these pieces in TCL Press published books and in relation to Trinity exams. As such, if you would like to share your videos online, you should apply to the copyright owner(s) to obtain synchronisation licences. Any candidate sharing performances of copyrighted material will be personally liable for any breach of copyright law.

Marking

Examiners give comments and marks for each section of the exam up to the maximums listed in the table at [Repertoire-only pathway > Structure and mark scheme](#).

It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
8	Fluency & accuracy
8	Technical facility
9	Communication & interpretation
25	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level

15-18	Pass
11-14	Below Pass 1
3-10	Below Pass 2

Choosing pieces

Three pieces are performed, selected as follows:

Initial-Grade 5

Candidates choose three pieces from a single list. A maximum of two duets may be performed. Candidates may perform their own composition in place of one of the listed pieces (see [Pieces: Own composition](#)).

Grades 6-8

Pieces are divided into two groups, group A and group B. Candidates choose at least one piece from each group. The third piece may be chosen from either group or may be the candidate's own composition (see [Pieces: Own composition](#)).

Pieces
(66 marks)

Performance and interpretation

- ▶ Candidates should prepare all pieces in full unless stated otherwise in the repertoire list.
- ▶ Candidates should observe repeats of a few bars, but longer repeats should not be played unless stated otherwise in the repertoire list.
- ▶ All *da capo* and *dal segno* instructions should be observed.
- ▶ Candidates are not required to play cadenzas unless stated otherwise in the repertoire list.
- ▶ Candidates are encouraged to use appropriate ornamentation, particularly at Grades 6-8. Ornamentation in Trinity's exam publications is given as a guide. However, any appropriate stylistic interpretation will be accepted.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.
- ▶ The use of metronomes or other timekeeping assistance is not allowed.

Tuning

- ▶ Up to and including Grade 5, teachers may assist with tuning. At Grades 6-8, candidates must tune their instruments without assistance.
- ▶ Electronic tuners may be used up to and including Grade 5.

Page turns

- ▶ Examiners are not able to act as page turners.
- ▶ Difficult page turns may be overcome by photocopying the relevant pages.

Music and copies

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam, and they must bring it with them on the day of the exam.
- ▶ Arrangements (indicated in the repertoire lists with *arr.* or *transc.*) must be performed from the edition listed in the repertoire list.
- ▶ For other pieces, recommended editions are listed in the repertoire lists, but candidates may perform from any reliable edition which has not been shortened or otherwise altered or simplified. Product codes for publications are included where available.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at mpaonline.org.uk. Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ In accordance with the MPA's *Code of Fair Practice*, candidates must produce original copies of all copyright pieces to be performed at the exam, even if pieces have been memorised, handwritten or typeset. Pieces where no original copy has been provided might be awarded no marks.
- ▶ If candidates are performing pieces not contained in Trinity's graded exam books, they will need to provide a copy as a reference for the examiner (which may be a photocopy). Photocopies will be kept by the examiner and destroyed after the exam. Examiners will have a copy of the repertoire contained in Trinity's graded books.
- ▶ Candidates may read from printed music or from a tablet or eReader.
- ▶ Candidates may perform from downloaded music, either purchased or free of charge. In the case of free downloads, pieces must have no copyright restrictions in the country where the music is downloaded. Candidates must bring proof of purchase and details of the website where it was accessed for the examiner's reference.

Duets

- ▶ Candidates at Initial to Grade 5 may include a maximum of two duets in their programme.
- ▶ Candidates should play the upper part (unless stated otherwise in the repertoire list).
- ▶ The duet part may be performed live by a teacher, another adult or student. Alternatively, the duet part may be pre-recorded in exams up to and including Grade 3.
- ▶ The duet part must be played on the guitar (piano accompaniment is not acceptable).
- ▶ Duet parts (live or pre-recorded) must match the printed music.
- ▶ If pre-recorded duet parts are used, candidates must provide their own playback equipment. Examiners will not operate playback equipment - this should be fulfilled by the candidate, teacher or another person not related to the candidate, who may only remain in the room when required.
- ▶ Duets may not be performed as solo pieces, and performances without the duet part will have marks deducted or be given no marks.

Own composition

- ▶ Candidates can choose to perform their own composition as one of their pieces. Own compositions are assessed in the same way as the listed repertoire. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed in each grade section of this syllabus.
- ▶ A typeset or handwritten copy of the composition must be given to the examiner at the beginning of the exam.
- ▶ At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet.
- ▶ At Grades 6–8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' own unaided work, although teachers may suggest brief score clarifications, so that examiners are able to make the most informed assessments. For example, within graphic scores teachers may assist candidates with short passages of notation or textual description.

Obtaining music for the exam

- ▶ Trinity publications listed for this syllabus can be ordered at shop.trinitycollege.com or your local music shop. Visit store.trinitycollege.com to explore our range of downloadable digital publications.
- ▶ Trinity publishes graded exam books for classical guitar, as well as scales & arpeggios, sight reading and aural tests. See [Trinity publications](#) section for more information.
- ▶ Trinity cannot guarantee that music will always be in stock with local suppliers. Candidates and teachers should always check with the publisher before it is assumed that any item has gone out of print.

Technical work

This section of the exam supports the development of technical skills by assessing candidates' performance in a range of technical work requirements.

All candidates begin the technical work section by performing a technical exercise. They then choose one of the following options:

- ▶ Scales & arpeggios
- ▶ Studies (Initial-Grade 7)/concerto extracts (Grade 8).

Technical exercises

Technical exercises are short musical passages based on scale, arpeggio and/or chord patterns, increasing in length and complexity as the grades progress.

- ▶ Technical exercises may be played either from memory or using the music.
- ▶ Technical exercises are included in Trinity's *Guitar Scales, Arpeggios & Studies* books.

Scales & arpeggios

Learning scales and arpeggios is an important part of developing technical focus, strength and agility and melodic skills.

Candidates prepare the scales and arpeggios set for the grade, and play a selection as requested by the examiner.

- ▶ All scales and arpeggios are to be performed ascending then descending.
- ▶ All scales and arpeggios must be played from memory.
- ▶ A minimum pace is indicated, increasing gradually grade by grade.
- ▶ At Initial-Grade 5, candidates should play the scale followed by the arpeggio. At Grades 6-8, candidates should play a succession of scales and arpeggios as required for the grade.
- ▶ Full details of scale patterns are given in Trinity's *Guitar Scales, Arpeggios & Studies* books.

Studies

Studies are specially composed short pieces designed to demonstrate and develop key areas of technique through performance.

Candidates prepare three studies from the list for the grade, two of which are played in the exam. One is chosen by the candidate and one by the examiner.

- ▶ Studies may be played either from memory or using the music.
- ▶ Studies are included in Trinity's *Guitar Scales, Arpeggios & Studies* books.

Technical work
(14 marks)

Concerto extracts

At Grade 8, candidates can demonstrate technique through performing extracts selected from three concertos.

Candidates prepare all three extracts, two of which are played in the exam. One is chosen by the candidate and one by the examiner.

- ▶ Concerto extracts may be played either from memory or using the music.
- ▶ Concerto extracts are included in Trinity's *Guitar Scales, Arpeggios & Studies from 2016: Grades 6-8*.

Further information about specific technical work requirements for each grade is given in the relevant sections of this syllabus.

Supporting tests

This section of the exam supports the development of broader musical skills by assessing candidates in two different supporting tests.

At Initial to Grade 5, candidates choose **two** supporting tests from four options:

- ▶ Sight reading
- ▶ Aural
- ▶ Improvisation
- ▶ Musical knowledge

At Grades 6-8, all candidates are assessed in sight reading, and choose *either* aural *or* improvisation for their second supporting test.

This flexibility is designed to allow candidates to demonstrate their musical skills in different ways, while recognising that sight reading is an important skill at higher grades.

Sight reading

This test assesses candidates' ability to perform a previously unseen musical extract at a level approximately two grades lower than the exam being taken. Our sight reading pieces are designed to be musically intuitive and natural, preparing candidates for performance contexts.

Candidates are given 30 seconds to study the test before performing it, during which time they may practise any or all of it aloud. Examiners do not mark this preparation period.

Examples of sight reading tests may be found in Trinity's *Sound at Sight* series, available from shop.trinitycollege.com or from your local music shop.

Technical expectations for the tests are given in the [Parameters for sight reading tests](#). Lists are cumulative, meaning that tests may also include requirements from lower grades.

A range of options is available for blind or visually impaired candidates including Braille, enlarged print and modified stave notation tests. Alternatively, blind or visually impaired candidates may choose a memory test in place of the standard sight reading test. Alternative supporting tests must be requested at the time of booking, and further information is available at trinitycollege.com/music-csn.

* Cumulative – tests may also include requirements from previous grade(s)

Aural

This test supports the development of candidates' abilities in musical perception and understanding by requiring them to recognise musical features by ear (for example metre and pulse, pitch, performance characteristics).

All questions are based on a single musical example played at the piano by the examiner. At most grades, candidates are asked to describe various features of the music such as dynamics, articulation, texture and style. Candidates are not required to sing.

Practice tests can be found in Trinity's *Aural Tests from 2017* books, available from shop.trinitycollege.com or from your local music shop.

Candidates with hearing loss may choose an aural awareness test in place of the standard aural test. Alternative supporting tests must be requested at the time of booking, and further information is available at trinitycollege.com/music-csn.

Improvisation

Improvisation can develop creative musicianship skills that unlock a variety of musical styles and technical abilities. Our tests are designed to introduce teachers and candidates to improvisation gradually, creatively and with a range of supporting resources.

This test assesses candidates' ability to improvise fluently, coherently and creatively in response to a musical stimulus. Candidates choose a stimulus from the following three options, indicating their choice of stimulus on the appointment form:

- ▶ Stylistic
- ▶ Motivic
- ▶ Harmonic

Further guidance and example tests are available at trinitycollege.com/supporting-tests.

A range of options is available for blind or visually impaired candidates including Braille, enlarged print and modified stave notation tests. Alternative supporting tests must be requested at the time of booking, and further information is available at trinitycollege.com/music-csn.

Parameters

Technical expectations for the tests are given in the tables on the following pages. Lists are cumulative, meaning that tests may also include requirements from lower grades.

Stylistic stimulus

This option requires candidates to improvise over a notated piano part played by the examiner.

- ▶ Candidates are given a stimulus which includes the notated piano part and chord symbols. The stimulus begins with a two-bar introduction played by the examiner alone, followed by a further section over which candidates must improvise for a specified number of repeats.
- ▶ The examiner plays the stimulus twice for candidates' reference, without repeats.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. The examiner plays the stimulus again, and candidates join after the introduction, improvising for the specified number of repeats. Candidates should aim to improvise in a way that complements the musical style of the stimulus.

Motivic stimulus

This option requires candidates to improvise solo in response to a short melodic fragment.

- ▶ Candidates are given a notated melodic fragment, which the examiner plays twice on the piano for candidates' reference.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud. The test then follows.
- ▶ Candidates should aim to improvise within the specified duration range and may begin by quoting the stimulus directly, developing their improvisation from there. However, they are not required to quote the stimulus directly, and may instead develop their improvisation from ideas taken from the stimulus such as a small group of notes or an interval. Responses must use the given time signature.

* Cumulative – tests may also include requirements from previous grade(s)

Harmonic stimulus

This option requires candidates to improvise solo in response to a chord sequence.

- ▶ Candidates are given a notated chord sequence, including chord symbols, which the examiner plays twice on the piano for candidates' reference.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. Candidates should improvise for the specified number of repeats, following the chord sequence. Responses should contain melodic/rhythmic interest.

Musical knowledge (Initial to Grade 5 only)

This test encourages learners to understand the wider musical context of the pieces they play, and assesses their knowledge of notation. Examiners ask carefully graded questions based on candidates' chosen pieces.

In the exam, candidates choose which piece they would like to be asked about first. Examiners then choose a second piece for the remaining questions. Candidates' musical scores should be free of annotations which might aid their responses. Examiners usually point to the relevant part of the score when asking questions. Candidates can use American terms (eighth note, half note, etc) as an alternative to English terms (quaver, minim, etc).

Further guidance is available at trinitycollege.com/supporting-tests.

Marking

How the exam is marked

Examiners give comments and marks for each section of the exam, up to the maximums listed in the **Exam structure and mark scheme** tables in the **About the Exam** section. It is not necessary to pass all sections or any particular section in order to achieve a pass overall.

The total mark for the exam corresponds to different attainment levels as follows:

Total mark	Attainment level
87-100	Distinction
75-86	Merit
60-74	Pass
45-59	Below Pass 1
0-44	Below Pass 2

How the pieces are marked

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give an overall mark for the piece.

The three components are:

Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Maximum mark for each piece	Component
7	Fluency & accuracy
7	Technical facility
8	Communication & interpretation
22	Total mark for each piece

The total marks awarded for each piece correspond to the attainment levels as follows:

Total mark for each piece	Attainment level
19-22	Distinction
16-18	Merit
13-15	Pass
10-12	Below Pass 1
3-9	Below Pass 2
