Time: 30 minutes

Aims:

- ▶ To practise question formation

Procedure

This is a mingle activity in which students fill in the handout and practise using the language of GESE Grade 4.

1. Students stand up, walk around and ask each other the questions on the handout. When they find someone who answers 'Yes' to a question, they write down the person's name. Encourage the students to also ask follow-up questions and have a genuine conversation.
2. Students continue to walk around and talk to new people until they have a name next to every question (if possible).
